## PROFESSIONAL

**Farmona Natural Cosmetics Laboratory** was established in 1997 in Krakow. The company's philosophy combines the latest achievements of modern cosmetology and the nutritional power of natural plant ingredients. In 2002, the Farmona Professional brand was created, which from the beginning

was created exclusively for professionals. Our preparations are still created under the watchful eye of an experienced and passionate team of cosmetologists, pharmacists and technologists. We are one of the leaders of the professional cosmetics market. Our clients value our innovation, high quality and effectiveness of natural cosmetics. We combine the achievements of modern technology with the power of the highest quality natural active ingredients. Farmona Natural Cosmetics Laboratory has also its own research and development laboratory. We

are constantly looking for new, innovative formulas and active ingredients, we examine market trends, all so that cosmetics meet the expectations of the most demanding customers. The basis of our products are standardized plant extracts with a high degree of ecological purity. Thanks to that they have a guarantee of high efficiency and safety of use. We manufacture innovative preparations with care and safety, and our modern treatment procedures give the best results in cosmetology salons, SPA centers as well as in home care.

We are regularly present at the largest and most prestigious cosmetics fairs in Poland and abroad. We invite you to visit our stands, where we present the full range of our products and new products on offer.

# FAR-X

## FAR-X INNOVATIVE SKIN LIFTING

### PURPOSE

- All skin kinds
- Ageing skin
- Skin with wrinkles
- Skin with lack of elasticity
- Skin without firmness

### OPERATION OF THE PROCEDURE

- Delaying of ageing effects
- Sagging prevention
- Increasing resistance to gravity
- Moisturizing of the skin

### ACTIVE INGREDIENTS

**3D LIFT NEUROPEPTIDES**- 3D lift neuropeptides are biomimetic, new generation peptides. They are synthetic compound which works similar to botulinum toxin. Relaxes face muscles preventing mimic wrinkles from occurring.

**HYALURONIC ACID**- is organic compound which perfectly moisturizes, elasticises and firms the skin.

**PHYTIC ACID**- natural compound, with gentle exfoliating properties. Has antioxidant and chelating properties, which helps to remove heavy metals from body and prevents the generation of free radical processes. Effective ingredient in anti-ageing and discoloration reducing treatments

### DURATION

50 minutes

### FREQUENCY OF TREATMENTS

1 time per week

### NUMBER OF TREATMENTS IN THE SERIES

3-5 treatments

### EFFECTS

- Visible skin lifting
- Smoothing of wrinkles
- Skin tone equalization
- Improvement of skins elasticity and firmness
- Face oval improvement

### FAR-X INNOVATIVE SKIN LIFTING PROFESSIONAL CARE

For professional use only. Strongly lifting product with 3d lift neuropeptide which is the perfect alternative for botox treatments. Addition of hyaluronic acid gives moisturization to the skin and phytic acid evens out discolorations.

**ACTIVE INGREDIENTS:** 3D LIFT NEUROPEPTIDE, HYALURONIC ACID, PHYTIC ACID

Capacity: 5x5ml;  
Product code: ACD0007

### TREATMENT STEPS

1. Remove make-up with PURE ICON Micellar water for face and eyes
2. Apply PURE ICON Enzymatic peeling and leave it for 10min on the skin. Rinse with lukewarm water.
3. Apply small amount of ampoule to the forehead and massage it with strong moves till it absorbs completely. Next apply small amount of ampoule and massage to one cheek, half of nose and chin till it absorbs. Apply the preparation to second cheek, other part of nose and chin and massage till it absorbs. Repeat whole process 3 times, always starting from forehead.
4. Leave preparation on the skin for 15min.
5. Observe the client during the procedure. Warm sensation, delicate tingling and redness may appear and it is typical for this preparation. If sensations are strong and unpleasant (itching,

tingling and overall discomfort) rinse preparation immediately.

6. Apply RETIN GOLD Smoothing and illuminating mask on ampoule and leave on the skin for 20min. Rinse with lukewarm water.
7. Apply RETIN GOLD Smoothing and illuminating anti-ageing face cream and RETIN GOLD Under eye cream and leave till it absorbs.
8. Apply SPF50 Barrier cream before going outside.

### HOME USE PRODUCTS

### FAR-X INNOVATIVE SKIN LIFTING HOME USE

HOME USE PRODUCT. STRONGLY LIFTING PRODUCT WITH SPECIALLY SELECTED INGREDIENTS. IS PERFECT ALTERNATIVE FOR BOTOX TREATMENTS. ADDITION OF HYALURONIC ACID GIVES MOISTURIZATION TO THE SKIN AND PHYTIC ACID EVENS OUT DISCOLORATIONS.

**Treatment duration:** 10 minutes

**Frequency of treatments treatments:** 3 times per week

#### TREATMENT STEPS:

Treatment course: Apply small amount of ampoule to the forehead and massage it with strong moves till it absorbs completely. Next apply small amount of ampoule and massage to one cheek, half of nose and chin till it absorbs. Apply the preparation to second cheek, other part of nose and chin and massage till it absorbs. Repeat whole process 3 times, always starting from forehead. Leave overnight to absorb.

**ACTIVE INGREDIENTS:** 3D LIFT NEUROPEPTIDE, HYALURONIC ACID, PHYTIC ACID

Capacity: 5x5ml;  
Product code: ACD0008

# ACID TECH

**new**

## ACID TECH EXFOLIATING AND REGENERATING TREATMENT

<b>PURPOSE</b>	 <ul style="list-style-type: none"> <li>• all skin kinds</li> <li>• recommended for dry, combination, acne prone, oily, ageing skin</li> <li>• for skin with discolorations</li> <li>• for sensitive skin.</li> </ul>
<b>OPERATION OF THE PROCEDURE</b>	 <ul style="list-style-type: none"> <li>• skin tone equalization</li> <li>• regulation of sebum secretion</li> <li>• wrinkles smoothing</li> <li>• stimulation of collagen and elastin production</li> <li>• skin cleansing</li> </ul>
<b>ACTIVE INGREDIENTS</b>	 <p><b>MANDELIC ACID</b> - one of the alfa hydro-acids, well tolerated by skin. Loosens the binders connecting the stratum corneum cells, accelerates the natural exfoliation process, stimulates the renewal of skin's deeper layers. Activates fibroblasts around dermis, stimulates collagen and elastin production, limits production of melanin, works depigmenting.</p> <p><b>GLYCOLIC ACID</b> - one of the alfa hydro-acids, stimulates fibroblasts to produce elastin and collagen, supports the process of keratinization- regular exfoliation of epidermis. Accelerates the regeneration of skin, improves its moisturization level and regulates sebum secretion.</p> <p><b>SHIKIMIC ACID</b> - one of the alfa hydro-acids with comprehensive action. Removes dead epidermis cells, improves moisture levels, firmness and elasticity of skin, regenerates the skin with photodamages and discolorations caused by sun exposure. Not like most of acids is very effective with slight irritating effect.</p>
<b>DURATION</b>	 <p>60 minutes</p>
<b>FREQUENCY OF TREATMENTS</b>	 <p>1 time per week</p>
<b>NUMBER OF TREATMENTS IN THE SERIES</b>	 <p>5-6 treatments</p>
<b>EFFECTS</b>	 <ul style="list-style-type: none"> <li>• cleansed skin</li> <li>• small wrinkles and scars are smoothed out</li> <li>• discolorations are reduced</li> </ul>

### ACID TECH REGENERATING MASK

Perfect mask for face care after exfoliation treatments and for soothing irritations. Supports regeneration of skin, provides moisture, elasticises and smoothes the skin.

**ACTIVE INGREDIENTS:** DRAGON'S BLOOD EXTRACT, CERAMIDES, AVOCADO OIL, ARGAN PIL, BEESWAX, ALLANTOIN

Capacity: 200ml;  
Product code: ACD0005

### ACID TECH REGENERATING BARRIER CREAM

Unique cream recommended especially after exfoliation treatments or for face care after invasive procedures. Formulated based on epidermis rebuilding structure. Soothes the skin after treatments with acids.

**ACTIVE INGREDIENTS:** ALLANTOIN, D-PANTHENOL, MOISTURIZING COMPLEX

Capacity: 150ml;  
Product code: ACD0006

### ACID TECH BIO INFUSION REGENERATING SERUM

Recommended especially for dry, sensitive skin which lacks elasticity. Perfect after exfoliating treatments and to soothe irritated skin. Moisturizes, smoothes and soothes red skin.

**ACTIVE INGREDIENTS:** BIOMETIC LIPIDS, SEPICALM TM, PREBIOTIC

Capacity: 30ml;  
Product code: ACD0004

### ACID TECH GLYCOLIC ACID 50% AND SHIKIMIC ACID 10%

Recommended for problematic skin: with acne, oily, with impurities, also for ageing skin with discolorations. Shallows the scars and improves skins color. Exfoliates skin and stimulates remedial processes.

**ACTIVE INGREDIENTS:** GLYCOLIC ACID 50%, SHIKIMIC ACID 10%

Capacity: 30ml  
Product code: ACD0002

### ACID TECH MANDELIC ACID 40%

For all skin types. Especially dry, combination, acne prone, oily also for ageing skin with discolorations. Cleanses the skin, regulates sebum secretion, smoothes small wrinkles and evens out skin color.

**ACTIVE INGREDIENTS:** MANDELIC ACID 40%

Capacity: 30ml  
Product code: ACD0001

### ACID TECH NEUTRALIZER

Product for neutralizing all exfoliating products. Neutralizes the action of acid on the skin, prevents skin from itching, tingling and redness.

**ACTIVE INGREDIENTS:** HYALURONIC ACID, D-PANTHENOL, ALOE VERA

Capacity: 280ml  
Product code: ACD0003

### ACID TECH EXFOLIATING FACE TONER

Prepares the skin for acid treatments. Recommended for all skin types. Perfectly cleanses and regulates sebum secretion.

**ACTIVE INGREDIENTS:** GLYCOLIC ACID 10%, ALOE VERA EXTRACT

Capacity: 280ml  
Product code: ACD0000

### TREATMENT STEPS

1. Precise make-up removal.
2. Degreasing of the skin with an exfoliating tonic, avoid the eye area
3. Protect places with scratches, the mouth area and pigmentation changes with vaseline. Protect client's eyes with dry cotton pad, ask him to keep them closed throughout the procedure.
4. Apply an even layer of chosen acid with a brush. Leaving it for 2-8 minutes depending on skin sensitivity.
5. Remove acid using a dry cotton pad.
6. Apply neutralizer.
7. Rinse neutralizer with lukewarm water,
8. Apply bio infusion regenerating serum and gently massage it into the skin (leave the serum, do not rinse)
9. Apply a covering layer of the regenerating mask for 20 minutes. Wash the mask with lukewarm water.
10. Apply regenerating SPF 50 barrier cream at the end and let it absorb.

new

# FACE&BODY ROLLER

## FACE&BODY ROLLER

The microneedle skin exfoliation treatment with acids not only affects the formation of new collagen fibers and elastin but also reduces the stratum corneum through the keratolytic effect. Shikimic, mandelic and phytic acid molecules reach deeper through the micro-puncture, thanks to which they additionally increase the level of hydration, activate fibroblasts within the dermis, and even out the color. An innovative face and body product for use:

- in microneedle mesotherapy with dermapen
- in microneedle mesotherapy using a roller
- for direct application to the skin without specialized equipment

Capacity: 5x5ml;  
Product code: ROL0001

## FACE&BODY ROLLER MICRONEEDLE MESOTHERAPY WITH ACIDS TREATMENT

**PURPOSE**  • Visible wrinkles, lack of elasticity and firmness  
• Photo ageing, hyperpigmentation, excessive keratinization of the epidermis

**ACTIVE INGREDIENTS**  **MANDelic ACID** - Loosens the binders connecting the stratum corneum cells, accelerates the natural exfoliation process, stimulates the renewal of skin's deeper layers. Activates fibroblasts around dermis, stimulates collagen and elastin production, limits production of melanin, works depigmenting.  
**SHIKIMIC ACID** - one of the alfa hydro-acids with comprehensive action. Removes dead epidermis cells, improves moisture levels, firmness and elasticity of skin, regenerates the skin with photodamages and discolorations caused by sun exposure.

**EFFECTS**  • Visible improvement of skins condition  
• Reduction of wrinkles  
• Visible brightening of discolorations  
• Gradual deep cleansing of the skin  
• Restores young and radiant look to the skin

### TREATMENT STEPS

1. Remove makeup and dry the skin.
2. Protect your hands with gloves before starting the procedure.
3. Disinfect the skin surface with a disinfectant and degreasing preparation. Begin microneedling of the skin with a dermapen or roller, according to the working techniques, with a needle length of 0.3 to 0.5 mm, depending on the type and condition of the skin.
4. The basic technique of working with dermapen or roller: start micro-piercing from the forehead, then the cheeks, nose, chin, neck and cleavage, adjusting the pressure to the individual feelings of the customer. Repeat each move 4 times.
5. All the time observe the skin reaction. During the procedure, swelling and redness may appear, which, depending on individual sensitivity and skin type, may persist for several hours.
6. After microcentesis, disinfect the skin. Spread the preparation on the affected skin. Take care that it does not get into your eyes. All the time observe the skin reactions, if necessary wash several times with water.

7. After the product is completely absorbed, apply a regenerating mask from the ACID TECH line to the affected skin. Leave for 20-30 minutes. In the case of heavily reddened skin, gently remove excess mask with a dry compress, and gently massage the residue into the skin.
8. Finally, apply SPF50 sunblock to the affected skin

# TRYCHO TECHNOLOGY

## TRYCHO TECHNOLOGY HAIR STRENGTHENING TREATMENT

**PURPOSE**  • For all types of hair  
• Recommended especially for weak, thin, slow-growing hair, with tendency to fall out

**ACTIVE INGREDIENTS**  **TRICHOGEN** - unique trichogenic complex. Improves hair regrowth: growth is more intensive and faster.  
**FISION KERA VEG 18** - innovative formula of plant origin keratin- main hair building material.  
**CAFFEINE** - stimulates body, mind and hair. Activates hair growth factors and stimulates bulbs. Strengthens structure of hair, smoothen, making them more vulnerable to style.

**EFFECTS**  • Visibly stronger hair  
• Reduction of hair fall out  
• New hair growth stimulation

### TRYCHO TECHNOLOGY SPECIALIST HAIR STRENGTHENING MASK

Dedicated for all kinds of hair with tendency to fall out.

**ACTIVE INGREDIENTS:** FISION KRAVEG 18, D-PANTHENOL, L-ARGININ

Capacity: 250ml  
Product code: TRY0001

### TRYCHO TECHNOLOGY SPECIALIST HAIR STRENGTHENING SHAMPOO

Dedicated for all kinds of hair with tendency to fall out.

**ACTIVE INGREDIENTS:** TRICHOGEN, CAFFEINE, HORSETAIL EXTRACT

Capacity: 250ml  
Product code: TRY0000

### TRYCHO TECHNOLOGY SPECIALIST SCALP SCRUB

Dedicated for all kinds of hair with tendency to fall out.

**ACTIVE INGREDIENTS:** LINKED PAPAIN, AHA CONCENTRATE OG, D-PANTHENOL

Capacity: 200ml  
Product code: TRY0002

### TRYCHO TECHNOLOGY SPECIALIST STRENGTHENING AMPOULES FOR WEAKENED HAIR

Unique ampoules which can be used with or without microneedle mesoroller. Effectively reduces hair fall out. Stimulates hair growth.

**ACTIVE INGREDIENT:** TRICHOGEN, VITAMIN B3, BIOLIN

Capacity: 10x5ml  
Product code: TRY0003

### TREATMENT STEPS

1. Apply a small amount of Scalp Scrub, massage gently for 3-5 minutes and then rinse.
2. Apply a small amount of Shampoo on wet hair, massage until foam appears, then rinse. After washing, we recommend using a special mask to strengthen hair.
3. Apply a small amount of Strengthening Mask to clean hair, massage gently and then rinse.
4. Apply the Ampoule to the scalp and perform a massage. Ampoules can also be used with microneedle mesotherapy.
5. Dry the hair.

# PURE ICON

## PURE ICON MAKE-UP REMOVING AND FACE CLEANSING

**PURPOSE** 

- All skin types
- Recommended for dry, combination, acne prone skin
- Skin with discolorations
- For sensitive skin

**OPERATION OF THE PROCEDURE** 

- Cleanses the skin
- Regulates sebum production
- Refreshes and tones the skin
- Restores skins natural pH
- Moisturizes

**ACTIVE INGREDIENTS** 

**ALANTOIN** - moisturizes and soothes dry skin. Regenerates, reduces redness and soothes itching.

**HYALURONIC ACID** - retains water in the deeper layers of the skin, fills out wrinkles and improves firmness.

**COLLAGEN AND ELASTIN** - are responsible for hydration, elasticity and firmness of the skin

**DURATION**  20 minutes

**FREQUENCY OF TREATMENTS**  everyday

**EFFECTS** 

- tension and firming, moisturizing and smoothing of the skin
- visibility of wrinkles reduction
- reduction of fatigue signs
- restores natural youth, radiant look

### PURE ICON ENZYMATIC PEELING

Extremely soothing product based on enzymatic exfoliation. Suitable for all skin types, especially for dry, capillary, sensitive and acne-prone, with purulent and inflammatory states. Gently and effectively reduces epidermal cells, leaving the skin radiant, smoothed and refreshed, without tightness effect. It also stimulates microcirculation, preparing it for taking active ingredients from subsequently applied products.

**ACTIVE INGREDIENTS:** PAPAIN, CHESTNUT EXTRACT, INULIN.

Capacity: 200 ml;  
Product code: PRO1108

### PURE ICON CREAMY FINE GRAIN SCRUB

Professional product with gentle creamy formula containing exfoliating particles, that massage and perfectly remove dead epidermal cells. The scrub perfectly cleanses pores and smoothes skin surface. Stimulates microcirculation, preparing it for taking active ingredients from subsequently applied products. After using the scrub, the skin regains healthy tone, softness and smoothness. The product is recommended for normal, oily and combination skin, prone to blackheads.

**ACTIVE INGREDIENTS:** MOUNTAIN CRYSTAL, ALMOND OIL, PANTHENOL, SPHERICAL EXFOLIATING PARTICLES.

Capacity: 200 ml;  
Product code: KRY1006

### PURE ICON MICRODERMABRASSION CREAM

Emulsion micropeeling enabling individual adjustment of the treatment intensity and easy removal of the preparation. Perfect for all skin types, recommended especially for skin with visible ageing signs. Effectively removes dead cells, eliminates roughness and smoothes fine lines and wrinkles. Restores skins natural and youthful look.

**ACTIVE INGREDIENTS:** EXFOLIATING MICROPARTICLES, BOTANICAL ALGAE EXTRACT COMPLEX, PANTHENOL, ALLANTOIN

Capacity: 200ml;  
Product code: PRO7037

### PURE ICON CLEANSING FACE WASH GEL-MASK WITH ACTIVE CARBON 2 IN 1

The preparation can be used as a cleansing washing gel and also as an expressive detoxicating and cleansing mask. Gentle formula immediately removes all pollution and toxin. Reduces the appearance of pores, refreshes and improves skins condition.

**ACTIVE INGREDIENTS:** ACTIVATED CARBON, THREE MINERAL CLAYS - WHITE, GREEN, GHASSOUL, WITCH HAZEL

Capacity: 200 ml;  
Product code: PRO7042

### PURE ICON TWO - PHASE MAKE-UP REMOVER

A specialised two-phase product recommended for removing waterproof make-up from eyes and mouth. The formula does not dry and irritate a delicate skin around the eyes.

**ACTIVE INGREDIENTS:** CANOLA OIL, MOUNTAIN CRYSTAL.

Capacity: 250 ml;  
Product code: KRY1004

### PURE ICON FACIAL MAKE-UP REMOVER MILK

Professional product with light emulsion, recommended for removing make-up and impurities from the skin. Due to delicate formula and contained moisturising ingredients, the milk prevents over drying the skin, taking care and soothing it. Suitable for all skin types, mainly for dry and dehydrated.

**ACTIVE INGREDIENTS:** ALGAE EXTRACT, MOUNTAIN CRYSTAL.

Capacity: 500 ml;  
Product code: KRY1001

### PURE ICON MULTIFUNCTIONAL MICELLAR GEL FOR FACIAL AND EYE MAKE-UP REMOVAL

Thorough cleansing, effective and at the same time gentle makeup removal and impurities, without disturbing the natural hydrolipid balance of the skin, moisturizes, leaving a feeling of refreshment, soothing and comfort.

**ACTIVE INGREDIENTS:** COCONUT WATER, SEA ALGAE EXTRACT, HYALURONIC ACID, PANTHENOL, ALLANTOIN

Capacity: 500 ml;  
Product code: PRO7041

### PURE ICON MOISTURIZING TONER

A gentle and alcohol-free toner recommended for normal, dry and dehydrated skin. It helps maintain a proper level of hydration as well as restores optimal pH balance to the skin. Due to content of algae extract, gives the skin vitality. Reduces unpleasant sensation of tightness as well as excellently refreshes.

**ACTIVE INGREDIENTS:** ALGAE EXTRACT, MOUNTAIN CRYSTAL, HAMAMELIS WATER, PANTHENOL

Capacity: 500 ml;  
Product code: KRY1002

### PURE ICON MICELLAR LIQUID FOR FACE AND EYE MAKE-UP REMOVAL

The product is recommended for all skin types, especially for sensitive and capillary. The results of using the liquid: perfectly cleansed skin from make-up, excess sebum and other impurities; hydrated skin and soothed irritations.

**ACTIVE INGREDIENTS:** WATER LILY EXTRACT, SOAPWORT EXTRACT, ALOE EXTRACT.

Capacity: 500 ml;  
Product code: KRY1005

### PURE ICON SOOTHING FACIAL TONER

Extremely gentle toner dedicated for taking care of capillary and sensitive skin, prone to irritations and redness. Refreshes, restores optimal pH balance, soothes irritations and redness as well as brings back alleviation to sensitive skin.

**ACTIVE INGREDIENTS:** SEPICALM™, VG, HYDROMANIL™, PRO-SMOOTH COMPLEX

Capacity: 500 ml;  
Product code: PRO7000

# RETIN GOLD

## RETIN GOLD FIRMING AND BRIGHTENING TREATMENT

### RETIN GOLD GOLD FIRMING & ILLUMINATING MASK

For all types of mature skin (50+), skin with clear signs of ageing, fatigue, skin that needs illumination and firming. A perfect preparation for any treatment before the "great outgoing". Instantly improves the appearance of skin. Makes it visibly smoothed and less wrinkled. Skin is regenerated, with reduced symptoms of fatigue and stress. Face looks illuminated, brightened and with improved skin tone. It facilitates the application of make-up and prolongs its durability.

**ACTIVE INGREDIENTS:** COLLOIDAL GOLD, RETINOL, LIFTING BIOPOLYMER

Capacity: 200ml;  
Product code: PRO7034

### RETIN GOLD ANTI-AGEING SMOOTHING & ILLUMINATING CREAM

Anti-ageing cream for all types of mature skin (50+) and skin with clear signs of ageing, fatigue, that needs illumination and firming. Makes the skin look radiant from the moment of application. Skin is smoothed, optimally hydrated and nourished, with improved biomechanical properties - firmness, density and elasticity, reduced visibility of wrinkles, evened out skin tone. It leaves subtle illumination on the skin.

**ACTIVE INGREDIENTS:** COLLOIDAL GOLD, RETINOL, HYDROXY-PRILISILANE CN®.

Capacity: 150ml;  
Product code: PRO7035

### RETIN GOLD BIOACTIVE FIRMING GOLD CONCENTRATE

For all types of mature skin (50+), skin with clear signs of ageing, skin that needs illumination and firming. Stimulates vitality of the skin and strengthens epidermis, improves biomechanical properties of the skin - firmness, elasticity and density. Skin is smoothed and instantly illuminated.

**ACTIVE INGREDIENTS:** COLLOIDAL GOLD, RETINOL, HYDROXY-PRILISILANE CN®, PHYTORENEWAL COMPLEX.

Capacity: 30ml;  
Product code: PRO7033

#### PURPOSE

- any type of mature skin
- skin with clear signs of aging, fatigue, requiring illumination and firming

#### OPERATION OF THE PROCEDURE

- stimulation of the skin for the production of collagen and elastin
- strengthening support structures
- activating vital functions and revitalization of the skin
- improvement of the skin microbe and skin tone

#### ACTIVE INGREDIENTS

**COLLOIDAL GOLD** - microscopic gold particles that stimulate the mechanisms responsible for skin revitalization. They stimulate the synthesis of collagen, strengthen the support structures of the skin, improving its biomechanical properties

**RETINOL** - a vitamin A form characterized by high anti-aging efficacy. It stimulates the skin renewal process, stimulates the synthesis of fibrillar and collagen type I, II and IV, helping to smooth wrinkles and improve skin firmness and tension

**HYDROXYPROLISILANE CN®** - a combination of hydroxyproline and silicon, which strongly regenerate, stimulate fibroblast synthesis, renewal and cytoactivation of skin cells, resulting in its smoothing and improvement of elasticity

**ACTIVE LIFTING POLYMER** - a high molecular polymer that improves the architecture of elastic fibers and reduces the effects of gravity on the skin through its proper tension and firming.

**AGE BLURRING COMPLEX** - a complex of specially selected, crystalline particles that fill all unevenness of the skin, scatter light radiation, making wrinkles and other skin imperfections appearing with age become less visible.

#### DURATION

60 minutes

#### FREQUENCY OF TREATMENTS

1 time per week

#### NUMBER OF TREATMENTS IN THE SERIES

4 treatments

#### EFFECTS

- Improved tension and firmness
- Reduced appearance of wrinkles,
- Reduced symptoms of fatigue and stress
- Illuminated and brightened skin

#### RETIN GOLD LIFTING AND ILLUMINATING EYE CREAM

for all types of mature skin (50+), skin around the eyes with clear signs of ageing and fatigue, skin that needs illumination and firming. Visibly corrects the signs of ageing. Improves the level of hydration, firmness and tension of the skin around the eyes, reduces visibility of wrinkles and dark circles, optical brightens and illuminates the skin. Cream reduces the signs of fatigue and restores radiant and youthful glow.

**ACTIVE INGREDIENTS:** COLLOIDAL GOLD, ACTIVE LIPOAMINOACID, AGE BLURRING COMPLEX.

Capacity: 50ml;  
Product code: PRO7036

#### RETIN GOLD FIRMING DERMOCAPSULES 100% RETINOL

Product for all types of mature skin (50+), skin with clear signs of ageing, skin that needs illumination and firming. The capsules spread very easily and have exceptionally pleasant, silky texture. They regulate the renewal process of epidermis, leaving smoothed skin, improves firmness and elasticity. Lines and wrinkles are visibly reduced on the forehead and around the eyes. Capsules brighten up the skin and improves its appearance and condition.

**ACTIVE INGREDIENTS:** RETINOL, CERAMIDES

Capacity: 15 szt;  
Product code: PRO7032

#### TREATMENT STEPS

1. Wash the eyes and lips thoroughly with two-phase liquid. Clean the skin of the face, neck and cleavage with milk. Tone the skin
2. Apply the cream microdermabrasion to cleansed, dry or moisturized skin, if it is sensitive and a smaller friction effect is desired. Gently massage with circular movements for no more than half a minute in one place. If you want to achieve a softer effect and greater comfort during massage, moisten your hands gently with water.
3. After performing the scrub, thoroughly wash the preparation using moist, warm compresses and tone the skin.
4. Open firming Dermocapsule 100% retinol \* by twisting or cutting at the narrowing site, then gently spread the content on the cleansed face, neck and cleavage, avoiding the eye area. Make a short massage till it completely absorb.
5. Then apply 10 drops of Bioactive Golden Tension concentrate

6. on the face, neck, cleavage, eye and lip area.
6. Lightly apply concentrate by pressing hands to the skin – beginning with the cheeks, then the forehead, then the neck and cleavage. After thoroughly spreading the preparation, gently massage it into the skin, and finally perform a series of spot pressure around the eyes and mouth.
7. Apply a layer of a firming and illuminating gold mask on the skin covered by the procedure, avoiding the eye area. Leave for 20 minutes and then wash with warm, moist compresses.
8. At the end of the procedure, apply Lifting and illuminating eye cream. The product can also be applied on the upper eyelid. Apply a small amount of smoothing and brightening cream to the face, neck and cleavage and gently massage into the skin

# SKIN GENIC

## SKIN GENIC GENOACTIVE REPAIR MASK

A professional care preparation which is a combination of active concentrate and a mask, which is the basis that, thanks to the occlusive cocoon mask, penetrates into the deeper layers of the epidermis and stimulates renewal of skin cells, accelerates skin regeneration and protects the skin against changes caused by epigenetic ageing

**ACTIVE INGREDIENTS:** DNA SMART BOOSTER, SKIN DRONES, HYDRO 3D

Capacity: 200ml;  
Product code: SKG0000

## COCOON MASK FOAM ACTIVATION MASK

A product to be used only in a beauty salon, intended for creating occlusion and enhancing the absorption of active ingredients from preparations applied under the foam mask by raising the temperature on the skin surface and stimulating blood circulation and lymph flow.

**ACTIVE INGREDIENTS:** HYALURONIC ACID, COCOON OCCLUSIVE COMPLEX

Capacity: 180ml;  
Product code: SKG0001

## SKIN GENIC GENOACTIVE REJUVENATING CREAM

A cream with a unique texture that changes during application into silky, quickly absorbing oil. Recommended for all skin types in order to reduce signs of epigenetic ageing. It stimulates cellular renewal effectively, accelerates the regeneration of the epidermis and smooths the micro protrusions of the skin, thus prolonging the youthful look of the skin.

**ACTIVE INGREDIENTS:** DNA SMART BOOSTER, SKIN DRONES, DURAQUENCH™IQ.

Capacity: 150ml;  
Product code: SKG0002

## SKIN GENIC GENOACTIVE REPAIRING AND REJUVENATING TREATMENT

### PURPOSE

- Any skin type
- reduction of the signs of epigenetic ageing,
- skin that requires regeneration,
- damaged by external factors and with visible signs of ageing

### OPERATION OF THE PROCEDURE

- stimulation of the synthesis and regeneration of structural proteins
- improved integrity of the epidermis and the condition of the extracellular matrix,
- stimulation of defense mechanisms of the skin,
- acceleration of the 3-stage renewal process of the skin,
- activation of 'youth genes' and longer life cycle of skin cells.

### ACTIVE INGREDIENTS

**DNA SMART BOOSTER** – a firming ingredient obtained from Chinese dactyls and jujube. It affects the expression of genes responsible for skin firmness and elasticity - i.e. type IV collagen, type VII collagen, metalloproteinase 9 enzyme.

**SKIN DRONES** - cosmetic drones – precise, intelligent carriers that deliver active ingredients to the deeper layers of the skin and stimulate cells to effective action.

**COCOON OCCLUSIVE COMPLEX** – a combination of ingredients forming an occlusive layer on the skin that raises skin temperature, increases blood circulation and lymph flow, thereby increasing the absorption and action of active ingredients.

**DURAQUENCH™IQ** – advanced moisturising complex that forms a double structural layer on the surface of the skin in order to regenerate and strengthen its natural barrier and ensure long lasting moisture up to 72 hours.

### DURATION

50 - 60 minutes

### FREQUENCY OF TREATMENTS

1 time per week

### NUMBER OF TREATMENTS IN THE SERIES

5 - 6 treatments

### EFFECTS

- Improved firmness and elasticity,
- Smoothed out micro protrusions of the epidermis,
- Moisturised skin
- Improved skin tone

### TREATMENT STEPS

1. Clean the eyes and mouth thoroughly with a two-phase make-up remover. Clean the skin on the face, neck and chest with a cleansing milk. Tonify the skin.
2. Apply a thin layer of enzyme scrub, leave for 10-15 minutes, then rinse with a damp compress. Optionally, instead of the enzyme scrub you can perform cavitation peeling. Tonify the skin.
3. Apply a uniform, thick, covering layer of Genoactive Repair Mask on the skin of the face, neck and chest, avoiding the eye area.
4. Leave the mask for about 3 minutes and create occlusion with COCOON MASK Foam activating mask, which is essential for optimal treatment results.
5. Shake the packaging of Foam activating mask before use, protect your eyes with cotton pads and apply a covering, even layer of foam mask. Gently spread the mask with a spatula, avoiding the eye area, nostrils and mouth. Leave for 15 minutes.
6. Remove the foam mask first with a spatula and then rinse it off with a warm, damp compress. Tonify and dry the skin.
7. At the end of the treatment massage Genoactive rejuvenating cream into the skin.

### HOME USE PRODUCTS

SKIN GENIC CELLULAR ANTI-AGEING CREAM

An innovative new generation preparation inspired by the discoveries of epigenetics, which strengthens the mechanisms involved in the regulation of repair processes taking place in the skin. The cream-gel formula enriched with special carriers of active ingredients supplies them directly to the skin cells, prolonging their youth.

#### Triple effects:

- **DEFENSIVE** - it stimulates the skin's defence mechanisms against stress and environmental factors, helping to maintain its young and healthy look. It protects the skin against invisible damage caused by chronic microstress.
- **FIRMING** – it improves the integrity of epidermis and the condition of extracellular matrix, which has a positive effect on biomechanical properties of the skin.
- **STIMULATING** - it stimulates the functioning of epidermal cells, making the skin smooth, elastic and soft.

**ACTIVE INGREDIENTS:** DNA SMART BOOSTER, SKIN DRONES, HYDROMATRIX 3D.

Capacity: 50 ml; Product code: SKG0003

SKIN GENIC GENOACTIVE STIMULATING CREAM

Advanced new generation preparation inspired by epigenetics. The formula of the cream changing into oil, combined with advanced ingredients, activates overnight skin regeneration, stimulates the skin to prevent malfunction caused by the ageing process and helps it keep a youthful look longer.

#### Triple effects:

- **STIMULATION** - it stimulates the synthesis and regeneration of structural proteins of the intercellular matrix.
- **ACCELERATED REGENERATION** – it supports the natural 3 stage renewal process of the skin exposed to stress-inducing environmental factors and the ageing processes – lifting, firming and regenerating.
- **SLOWER SKIN AGEING** – it activates the "youth genes" that prolong the life of skin cells.

**ACTIVE INGREDIENTS:** DNA SMART BOOSTER, SKIN DRONES, DURAQUENCH™IQ.

Capacity: 50ml; Product code: SKG1002

# EYE CONTOUR

## EYE CONTOUR DERMOSMOOTHING TRIACTIVE EYE CREAM

Intensive dermosmoothing, triactive eye cream reduces mimic wrinkles and effectively slows down the appearance of signs of ageing. Especially selected active ingredients permeate inside the skin to smooth out and reduce wrinkles and restore the effect of a relaxed and radiant look.

### Triple effects:

- **SMOOTHING** – it stimulates production of collagen and elastin fibres, makes the skin exceptionally smooth and noticeably firmer.
- **ANTI -WRINKLE** – it reduces the length and depth of wrinkles under the eyes, on the upper eyelid, and crow's feet. It prevents five types of wrinkles around the eyes (1. static, 2. mimic, 3. gravitational, 4. linear, 5. after-sun).
- **CONCEALING** – it reduces the visibility of dark circles under the eyes and eliminates swelling caused by fatigue and skin dehydration.

**ACTIVE INGREDIENTS :**  
CROSS-LINKED HYALURONIC ACID, IDEALIFT™, EYELISS™

Capacity: 30 ml;  
Product code: EYE0000

## EYE CONTOUR DERMOREBUILDING AROUND EYES TREATMENT

### PURPOSE

- all skin types with ageing signs

### ACTIVE INGREDIENTS

**HYALCARE® FILLER** – crosslinked hyaluronic acid microspheres, which effectively smooth and fill wrinkles from the inside, making them shallower fast and leaving your skin intensively moisturized.  
**IDEALIFT™** – lipopeptide stimulating synthesis of the support skin fibers – collagen and elastin, preventing skin from slacking and increasing resistance to the action of gravity.  
**EYELISS™** – a combination of three active molecules that improve the flow of lymph, efficiently reduces bags and dark circles under the eyes caused by fatigue or other physiological factors.

### EFFECTS

- visible reduction of wrinkles and crow's feet,
- reduction of their length and depth under the eyes and on the upper lid
- improved skin firmness and elasticity

# EYE CONTOUR

# IDEAL PROTECT

## IDEAL PROTECT PROTECTION AND REGENERATION AFTER TREATMENTS

### PURPOSE

- irritated skin, recommended after invasive treatments

### ACTIVE INGREDIENTS

**UV FILTERS**- innovative combination of UV filters, provides high protection SPF50 from damages  
**SEPICALM VG**- lipoaminoacid connected with water lilly extract with soothes and regenerates the skin  
**NIACIMID**- decreases negative influence of harmful outside factors to the skin

### EFFECTS

- Sun protection
- Immediate soothing of irritations
- Reduction of redness
- Improvement of moisturization, elasticity and smoothing

## IDEAL PROTECT REGENERATING BARRIER CREAM SPF 50+

specialist regenerating and protective product which perfectly responds to the needs of all skin types. The cream creates on the skin regenerating layer which protects from the influence of UV rays as well as soothes irritations. It is recommended for daily protection against sunlight as well as after cosmetic treatments that damage epidermal barrier or other treatment requiring photoprotection.

**ACTIVE INGREDIENTS :** UV FILTERS 50+, SEPI-CALM™VG, NIACINAMIDE.

Pojemność: 50 ml;  
Product code: IDP0001

## IDEAL PROTECT REGENERATING AND SOOTHING MASK

professional product recommended for irritated skin, especially after treatments which damage epidermal barrier, such as: derma roller (face and eye area), acids, microdermabrasion, laser treatments to be used as a protection against negative post-treatments sensations. The effects: immediate soothed irritations, reduced reddened skin, accelerated regeneration, restored a proper hydration level, improved elasticity, smoothing the skin and reduced sensation of tightness.

**ACTIVE INGREDIENTS:** SEPICALM™VG, BETA-GLUCAN, COMFORT REPAIR SYSTEM.

Capacity : 200 ml;  
Product code: IDP0000

# IDEAL PROTECT

# ANTI A.G.E.

## ANTI A.G.E. SKIN AGEING CORRECTING TREATMENT

**PURPOSE**

- All skin types with changes resulting from glyco-related skin
- ageing – loss of firmness and elasticity, wrinkles, yellow skin tone.
- The treatment is recommended from the age of 25
- the treatment may be used preventively to maintain healthy and youthful skin's appearance

**OPERATION OF THE PROCEDURE**

- Delaying effects of skin ageing caused by glyco-related ageing,
- reduction the amount of accumulated Advanced Glycation End-Products (A.G.E.) and degradation of glycosaminoglycans

**ACTIVE INGREDIENTS**

**VITAMIN PP** – nicotinic acid amide with strong antioxidant properties, improves functioning of the hydrolipid epidermal barrier. It has strong anti-glycation properties – inhibits oxidation of the skin proteins (collagen and elastin) what leads to combat stiffening of the support fibres as well as changing skin's biomechanical properties. It prevents the skin become yellow and sallow.

**ACTIVATOR OF COLLAGEN AND ELASTIN** – the compound developed by the synthesis of amino acids, occurring naturally in the collagen and elastin with silicon. It stimulates synthesis of fibroblasts, affects the arrangement of collagen fibres, delays skin's ageing processes as well as improves firmness and elasticity of the skin.

**IDEALIFT™** – lipopeptide that stimulates synthesis of elastin, supports the correct and functional structure of elastic fibres by stimulating the most important elements contained in the structure of tissue. It has strong effect on the structure of elastic tissue as well as helps combat sagging of the face and accelerates the lifting effect of face contour.

**PHYTO-RETINOL** – stimulates lysyl oxidase to produce as well as improves condition of the epidermis. Inducts process of type I collagen expression, enhances elasticity of the skin and makes its maintain healthy and youthful appearance for longer.

**GLYCOSAMINOGLYCANS** – mucopolysaccharides that improve skin hydration level, enhance the permeability of epidermal barrier and penetration level of active ingredients into the skin.

**DURATION**

40-50 minutes

**FREQUENCY OF TREATMENTS**

1 time per week

**NUMBER OF TREATMENTS IN THE SERIES**

5-6 treatments

**EFFECTS**

- Delaying effects of skin ageing caused by glyco-related ageing
- reduction the amount of accumulated Advanced Glycation End-Products (A.G.E.) and degradation of glycosaminoglycans

**ANTI A.G.E. PEPTIDE DEGLYCATION CREAM**

A complex cream recommended for skin with clearly visible signs of ageing. Effectively delays the effects of glycation, stimulates the regeneration and formation the supporting skin fibers, smoothes and firms as well as reduces wrinkles. Protects against glyco-related ageing and helps prolong youthfulness of the skin.

**ACTIVE INGREDIENTS:** VITAMIN PP, IDEALIFT™, UV FILTERS.

Capacity: 150 ml; Product code: ANG0001

**ANTI A.G.E. ANTI-GLYCATION AND ANTI-AGEING SET ABSORPTION ACTIVATOR**

The base under active products, responsible for the increasing the epidermal barrier permeability, strengthening the penetration and work of subsequently applied products as well as enhancement its activity.

**GLYCATION CONCENTRATE**

concentrated, active preparation which delays the effects of skin aging caused by glycation processes, stimulation of renewal and formation of support fibers, increasing firmness and elasticity, eliminating yellowness of the skin.

**ACTIVE INGREDIENTS:** VITAMIN PP, IDEALIFT™, ACAI EXTRACT

Capacity: 10 x 5 ml; Product code: ANG0000

**TREATMENT STEPS**

1. Remove make-up from eyes and mouth using PURE ICON Two-phase make-up remover. Clean face, neck and chest with PURE ICON Facial make-up remover milk and next tone your skin using PURE ICON Soothing facial toner.
2. Apply onto your skin PURE ICON Creamy fine grain scrub and massage gently. Rinse with warm and damp cotton pad. Optionally, in case of sensitive or capillary skin you may use enzymatic peeling. Additionally, it is recommended to perform cavitation peeling.
3. Onto treated skin apply ANTI A.G.E. Absorption activator. Massage gently and leave to absorb for about 5 minutes.
4. Apply an even layer of the concentrate onto the skin and leave

5. To enhance the effect, the product may be applied with the use of needle-free mesotherapy or sonophoresis.
6. Preparation of the mask and its application: mix the mask base and the activator in a bowl. Bubbles are the natural reaction when the two phases blend; onto your skin apply an even layer of the foam, avoiding contact with eyes;
7. leave for approx. 20 minutes. After application of the mask, slight tingling and cooling sensation may be experienced
8. remove the mask with a spatula, and wipe any remnants. Tone and dry the skin. At the end of the treatment massage ANTI A.G.E. Peptide deglycation cream into the skin.

**HOME USE PRODUCTS**

**ANTI A.G.E. YOUTH PROLONGING FACE CREAM**

Advanced day cream, thanks to the concentrated form of active ingredients, it ensures multi-directional effects, spectacularly reducing the effects of glycation of skin support fibres. Guarantees intense protection from glyco-related skin ageing and minimises the signs of the passing time.

**TRIPLE EFFECTS:**

- ANTI-AGEING - slows down the formation process of advanced glycation end products (A.G.E.), counteracts degradation of collagen and elastin fibres, improves skin appearance and minimises the signs of internal skin ageing.
- SMOOTHING - intensely smoothes the skin, visibly reduces the length and the depth of first wrinkles, ensures satin-like smoothness.
- HYDRATING - guarantees multi-level, intelligent hydration of the skin which persists up to 72 hours, regulates loss of water from the skin in various temperatures and humidity.

**ACTIVE INGREDIENTS:** ANTI A.G.E. COMPLEX, IDEALIFT™, DURAQUENCH™IQ

Capacity: 50 ml; Product code: ANG1001

**ANTI A.G.E. FIBRO-REPAIRING SERUM IN CREAM FOR FACE & UNDER EYE**

An intelligent formula which changes into a rapidly absorbing serum during the application process, enabling precise fighting of the most visible signs of skin ageing. A unique combination of active ingredients with their active penetration technology ensures multi-directional operation, whereas silky consistency ideally blends into the skin, extending its youth and leaving it perfectly smooth.

**TRIPLE EFFECTS:**

- REPAIRING - accelerates regeneration and rebuilding of structural fibres of the skin, increases biochemical properties and reverses the glyco-related ageing processes.
- STIMULATING - stimulates synthesis of proteins necessary for correct skin functioning, thereby improving its firmness, elasticity and density.
- WRINKLE REDUCING - efficiently smoothes wrinkles and makes them more shallow, reduces fine lines and prevents their formation.

**ACTIVE INGREDIENTS:** ANTI A.G.E. COMPLEX, NEORETINOL, GLYCOSAMINOGLICAN

Capacity: 50 ml; Product code: ANG0002

# ANTI POLLUTION

## ANTI POLLUTION OXYGENATING AND DETOXYFING TREATMENT

### ANTI POLLUTION OXYGENATING MASK

Face mask with high oxygenating effect, stimulates regeneration processes, soothes irritations. Perfectly moisturizes and restores skins natural radiant look.

**ACTIVE INGREDIENTS:** PRONALEN BIO - PROTECT, NIACINAMID, OLIGOPHYCOCORAIL®

Capacity: 200 ml; Product code: APO0002

### ANTI POLLUTION ACTIVELY OXYGENATING CREAM SPF15

Complex oxygenating cream suitable for all skin types. Restores vitamin D receptors function, hydrates and reinforces natural skin protection barrier.

**ACTIVE INGREDIENTS:** PRONALEN BIO - PROTECT, ACTI VITAMIN-D, DNA REPAIR SYSTEM

Capacity: 150 ml; Product code: APO0003

### ANTI POLLUTION OXYGENATING AND DETOXYFING SET

The preparation is recommended for persons living in a polluted environment, exposed to stress, UV radiation and staying in air-conditioned premises, as well as smoking cigarettes. It stimulates the repair of damaged cells and supports multi-level skin restructuring of skin.

**ACTIVE INGREDIENTS:** PRONALEN BIO - PROTECT, NIACINAMID, ACTI VITAMIN-D, PANTHENOL, ALOE EXTRACT, OXYGEN BOOSTER.

Capacity: 10 x 5 ml; Product code: APO0000

#### PURPOSE

- all skin types, with a special reference to oxygenated skin, grey and tired skin.
- recommended for people living in the polluted environment, exposed to stress, UV radiation, as well as smokers.

**PRONALEN BIO - PROTECT** - complex of plant extracts protecting the skin from damages caused by toxic substances such as heavy metals, gases and UV radiation. Inhibits lipo-peroxidation and counteracts formation of free radicals.

**ACTI VITAMIN D** - has a similar properties to vitamin D. Stimulates skin's natural immune functions, accelerates regeneration of barrier functions and regulates the waterlipid balancing processes.

#### ACTIVE INGREDIENTS

**DNA REPAIR SYSTEM** - biofunctional extract based on nucleotides which revitalize and stimulate the synthesis of proteins, among others filaggrin and collagen. It protects cellular DNA against photoageing and oxidative stress caused by UV radiation; increases the skin's protective mechanisms.

**NIACINAMIDE** - vitamin B3, regulates skin regeneration processes, visibly improves skin structure and its tone Stimulates synthesis of AQP3, hyaluronic acid and collagen. Possesses antioxidant and antistimulant properties.

**ENERGISOME™Q10** - stimulates skin detoxification, provides cells with energy necessary for regeneration and prevents damages by fighting negative effects of free radicals. Delays skin ageing and accelerates biological regeneration of the skin.

#### DURATION

45-60 minutes

#### FREQUENCY OF TREATMENTS

1 time per week.

#### NUMBER OF TREATMENTS IN THE SERIES

one time or 5-6 treatments

#### EFFECTS

- oxygenation, restoration of the vitamin D receptor function
- hydration and strengthening of the natural protective barrier of the skin, deactivation of free radicals,
- stimulation of multilevel skin restructuring.
- Reduction of stress and fatigue effects, reduced appearance of wrinkles, protection of the skin against the effects of adverse external factors.
- Restoration of a healthy and radiant appearance.

#### TREATMENT STEPS

1. Thoroughly clean the face, neck and cleavage with micellar water. Tone the skin with Soothing toner
2. Apply a thin layer of enzymatic peeling. Leave for 10 - 15 minutes. Wash the preparation with moist compresses. Optionally, instead of an enzyme peeling, a cavitation peeling can be performed.
3. Tone and dry the skin.
4. Prepare an oxygenating - detoxifying concentrate. For this purpose, remove the cap from the ampoule, add the gel contained in the ampoule with the help of a 2-3ml activator (visually to the level of the ampoule). Close the ampoule and hold the closure, shake until both preparations are completely combined. Apply concentrate to

cleansed face, neck and cleavage.

5. Massage the concentrate gently or enter with iontophoresis, needle-free mesotherapy or oxygen mesotherapy. If devices are used, the ultrasound gel should be applied to the skin to maintain proper slip.
6. Apply an even layer of the Oxygenating mask on the skin covered by the procedure, avoiding the eye area. Leave the mask for 15 - 20 minutes to absorb, wash off the excess with warm moist compresses. Tone and dry the skin
7. At the end of the treatment, apply SPF15 actively oxygenating cream.

#### HOME USE PRODUCTS

**ANTI POLLUTION ACTIVELY OXYGENATING CREAM SPF15**

Complex cream with intense oxygenating effects, based on most recent discoveries in the cosmetic industry. Ideally responds to the needs of all skin types, in particular insufficiently oxygenated skin, grey and tired skin, expose to environment pollution and UV radiation.

**TRIPLE EFFECT:**  
**OXYGENATING** - stimulates oxygen circulation and transport in skin cells, thereby increasing their vitality;  
**PROTECTING** - activates natural skin protection potential and restores correct mechanisms of cellular regeneration. Protects the skin from harmful impact of UV radiation and air pollution;  
**ANTI-AGEING** - decreases visible effects of passage of time and unfavourable effects of the environment on skin.

**ACTIVE INGREDIENTS:** PRONALEN BIO - PROTECT, ACTI VITAMIN-D, DNA REPAIR SYSTEM.

Capacity: 50 ml; Product code: APO0004

**ANTI POLLUTION ANTIOXIDIZING AND REGENERATING CREAM**

Advanced cream adjusted to the functioning of the skin during the night cycle in order to recreate the effects of regenerating sleep and to make the skin rested and radiant. Ideally responds to the needs of all skin types, in particular insufficiently oxygenated skin, grey and tired skin, exposed to environment pollution and UV radiation.

**TRIPLE EFFECT:**  
**ANTI-OXIDISING** - multi-directionally combats oxidising: controls formation of free radicals, provides the cells with energy necessary for preventing damages and supports intra-cellular regeneration,  
**REGENERATING** - decreases effects of unfavourable impact of the environment on skin, activates skin cells and stimulates skin auto-regeneration,  
**ANTI-STRESS** - reduces the effects of stress and tiredness. Relaxes the skin and makes the skin look rested like after 8 hours of sleep.

**ACTIVE INGREDIENTS:** PRONALEN BIO - PROTECT, NIACINAMID, ENERGISOME™Q10.

Capacity: 50 ml; Product code: APO0006

**ANTI POLLUTION REVITALISING AND REFRESHING EYE ROLL-ON CREAM**

Specialized product which restores perfect look to the skin around eyes. Metal ball applicator bring relief to tired skin and reduces puffiness around eyes.

**TRIPLE ACTION:**  
**REDUCING**- reduces puffiness around eyes and brings relief to the skin  
**REGENERATIONG**- regenerates the influence of outside harmful factors  
**Smoothing**- shallows wrinkles around eyes, visibly smoothes skin

**ACTIVE INGREDIENTS:** PRONALEN BIO-PROTECT, DNA REPAIR SYSTEM, CAFFEINE.

Capacity: 15 ml; Product code: APO0005

# HYDRA QUEST

## HYDRA QUEST INTENSIVELY MOISTURISING FACE TREATMENT

**PURPOSE**

- dry, tired skin, skin requiring regeneration,
- after excessive sun exposure or solarium,

**ACTIVE INGREDIENTS**

**HYALURON INTENSE SYSTEM** - specially selected combination of different size of molecules of hyaluronic acid with multi-level hydration and skin firming properties.

**LOW MOLECULAR WEIGHT HYALURONIC ACID** - mucopolysaccharide naturally occurring in our skin which, thanks to small size of molecules, is able to penetrate through the stratum corneum. It binds the water and retains it in deeper layers of skin, filling out wrinkles and improving firmness of the skin.

**AQP 8 BOOSTER** - increases the amount of aquaporin. It stimulates synthesis of collagen thanks to which the skin becomes smooth and firm and the wrinkles are shallower.

**HYDROMANIL™** - specially selected three-dimensional colloidal polysaccharide matrix from Tara tree, rich in oligosaccharides. Thanks to gradual release of active ingredients, provides the skin with a proper hydration that lasts long as well as protects against loss of water.

**COLLAGEN AND ELASTIN** - two most important proteins which are the ingredients of skin, being responsible for proper hydration, elasticity and firmness.

**OLIGOPHYTCORAIL** - extract from red coral algae that activates skin cells, regulates enzymatic catalysis and has energizing properties. Restores vitality and healthy appearance.

**DURATION**

60 minutes

**FREQUENCY OF TREATMENTS**

1 time per week.

**NUMBER OF TREATMENTS IN THE SERIES**

4-6 treatments

**EFFECTS**

- deep skin hydration
- wrinkle smoothening and brightening,
- improvement of skin firmness and resilience

**HYDRA QUEST HYDRATING AND FIRING MASK**

Brings immediate, intense and long-lasting moisturization, protection against water loss from the epidermis, increases firmness and improves elasticity. Smoothes the skin and improves the appearance and condition of the skin.

**ACTIVE INGREDIENTS:** HYALURON INTENSE SYSTEM, LOW MOLECULAR WEIGHT HYALURONIC ACID, AQP 8 BOOSTER, CORAL ALGAE EXTRACT

Capacity : 200 ml;  
Product code: UKR1004

**HYDRA QUEST HYDRATING & FIRING MASSAGE CREAM**

Moisturizing and firming massage cream for all skin types, especially for very dry, dehydrated skin with loss of firmness and elasticity. It improves firmness and elasticity of skin. Improves its condition and appearance.

**ACTIVE INGREDIENTS:** ALMOND OIL, HYDROMANIL™, COLLAGEN,

Capacity: 280 ml;  
Product code: UKR1000

**HYDRA QUEST INTENSELY HYDRATING CREAM**

Advanced cream that combines active moisturising ingredients and breakthrough technology of stimulating aquaporins in the skin. Intended for all types of skin requires hydration, dry and dehydrated skin, as well as mature skin.

**ACTIVE INGREDIENTS:** HYALURON INTENSE SYSTEM, AQP 8 BOOSTER, OLIGOPHYTCORAIL, HYDROMANIL

Capacity: 150 ml;  
Product code: UKR1003

## HYDRA QUEST INTENSIVELY MOISTURISING FACE TREATMENT

**HYDRA QUEST ACTIVE MOISTURIZING CONCENTRATE**

Intensive moisturizing treatment for all skin types, recommended especially for dehydrated skin, over-dry by sun or solarium tanning or dehydrated by dry air (air-conditioning, heating in autumn and winter period). Synergic combination of innovative, intelligent active ingredients radically increases skin hydration with long-lasting effect, providing it with firmness and vitality.

**ACTIVE INGREDIENTS:** HYALURON INTENSE SYSTEM, AQP 8 BOOSTER, HYDROMANIL

Capacity: 10 x 5 ml;  
Product code: PRO7002

**TREATMENT STEPS**

1. Remove thoroughly make-up from eyes and lips using PURE ICON Two-phase make-up remover. Purify skin of face, neck and chest with PURE ICON Facial make-up remover milk and next tone with PURE ICON Moisturising toner.
2. Apply PURE ICON Enzymatic peeling and leave for 10-15 minutes. Afterwards, rinse the products with damp cotton pad and dry the skin.
3. Perform massage using HYDRA QUEST Hydrating & firming massage cream. Remove the residue of the cream and tone the skin.
4. Spread HYDRA QUEST Active moisturizing concentrate all over
5. treated skin. Massage manually or apply with the use of ultrasounds.

6. Prepare moisturizing mask according to instructions on the package. Quickly apply the mask onto the skin and leave for 15-20 minute till it absorbs..
7. At the end of the treatment apply HYDRA QUEST Intensely moisturising cream onto the skin.

**HOME USE PRODUCTS**

**HYDRA QUEST LEVEL MOISTURISING CREAM**

Advanced cream that combines active moisturising ingredients and breakthrough technology of stimulating aquaporins in the skin. Intended for all types of skin requires hydration, dry and dehydrated skin, as well as mature skin.

**TRIPLE EFFECT:**  
**MOISTURISING** - ensures comprehensive triple effects on 3 levels by providing hydration inside the skin, binding water in the epidermis and preventing water loss.  
**SMOOTHING** - clearly improves skin firmness and elasticity, smoothes minor lines and wrinkles, slows down natural skin ageing processes.  
**REBUILDING** - restores proper protective barrier to the skin, maintaining optimum skin hydration.

**ACTIVE INGREDIENTS:** HYALURON INTENSE SYSTEM, AQP 8 BOOSTER, MATRIX MOIST3

Capacity: 50 ml; Product code: UKR1005

**HYDRA QUEST DEEP MOISTURISING SERUM**

Advanced preparation whose effects resemble an intense injection with long-lasting hydrating and anti-ageing properties, combining hydrating ingredients with a breakthrough technology for stimulating aquaporins in the skin. Recommended for all types of skin requiring hydration, dry and dehydrated skin, after excessive exposure to sun, as well as skin exposed to harmful effects of air-conditioning, also mature skin.

**TRIPLE EFFECT:**  
**INTENSE MOISTURISING** - guarantees immediate, multi-level hydration, even in deepest layers of the skin, which is maintained even up to 72 hours, via improvement of the level of hydration and regulation of the epidermis exfoliation process.  
**STIMULATING** - regulates flow of water in the epidermis, stimulates natural skin hydration system, both in its deeper layers and on its surface, suppressing skin ageing processes.  
**SMOOTHING** - clearly improves skin firmness and elasticity, smoothes minor lines and wrinkles.

**ACTIVE INGREDIENTS:** HYALURON INTENSE SYSTEM, IQ MOISTURE COMPLEX, AQP 8 BOOSTER  
 Capacity: 30 ml; Product code: UKR1006

# NEURO LIFT+

## NEUROLIFT DERMO-LIFTING TREATMENT

**PURPOSE**

- all mature skin types with clearly noticeable signs of loss of thickness, firmness and tightness, visible mimic and gravitational wrinkles
- for completing and maintaining the effects of aesthetic medicine treatments

**ACTIVE INGREDIENTS**

**NEUROPEPTIDE** - latest-generation neuroactive peptide restricting muscle cramps which lead to the formation of mimic wrinkles. Effectively stops the formation and deepening of wrinkles.

**LIFTING 4D** - microspheres of cross-linked hyaluronic acid effectively fill out lines and wrinkles in less than an hour, reduces the appearance of wrinkles, and provides long-lasting and deep hydration.

**HYALURON FILLER** - microspheres of cross-linked hyaluronic acid effectively fill out lines and wrinkles in less than an hour, reduces the appearance of wrinkles, and provides long-lasting and deep hydration.

**BOTANIC CELLULAR COMPLEX** - a complex of plant stem cells that act as a natural stimulator of cell growth. It stimulates the production of collagen and elastin, protects against their degradation and aids renewal, as well as delaying skin aging processes.

**HYDROKSYPROLISILANE CN®** - an ingredient derived from combining silicon and hydroxyproline (an amino acid found in collagen and elastane). It intensively regenerates the skin, aids its renewal and cyto-stimulation of cells, stimulates the synthesis of fibroblasts and visibly smoothes the skin's structure.

**TGF β-BOOSTER** - a patented tripeptide which slows down skin aging processes. It stimulates TGF – β to produce collagen, and additionally protects it from degrading.

**DURATION**

60 minutes

**FREQUENCY OF TREATMENTS**

1 time per week.

**NUMBER OF TREATMENTS IN THE SERIES**

6 treatments

**EFFECTS**

- immediate lifting effect, reduced visibility of wrinkles hydrated and regenerated skin, noticeably
- improvement of skin firmness and elasticity, improved skin's appearance and condition.
- smoothing and filling out wrinkles
- reduction in muscle cramps, as well as delayed formation and deepening of mimic wrinkles, improvement of facial contour.

**NEURO LIFT+ FACE LIFTING EMULSION SPF15**

Professional product with delicate formula recommended for all kinds of skin. Effectively strengthens skins structures, stimulates production of collagen and protects it from harmful effects of outside factors. Fill our wrinkles and delays the ageing processes.

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, LIFTING 4D, Hyaluron Filler, Hydroksyprolislilane CN®

Capacity: 150 ml;  
Product code: NEU0003

**NEURO LIFT+ ACTIVE DERMO – LIFTING CONCENTRATE**

Specialist and comprehensive dermo-lifting treatment inspired by the effects of prestigious aesthetic medicine treatments. Its main task is to smooth skin, improve its firmness, regenerate as well as support and sustain the effects after dermo-cosmetic treatments. Dedicated for women, who need effective and quick improvement of skin condition.

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, BOTANIC CELLULAR COMPLEX, HYDROKSYPROLISILANE CN®, HYALURON FILLER, CYTOKINES+

Capacity: 10 x 5 ml;  
Product code: NEU000

**TREATMENT STEPS**

1. Remove thoroughly make-up from eyes and lips. Cleanse face, neck and chest with facial make-up remover milk. Next tone the skin.
2. Apply PURE ICON Enzymatic peeling and leave for 10-15 minutes. Rinse the products with damp cotton pad and dry the skin.
3. Massage into the skin NEURO LIFT+ Active dermo-lifting concentrate, focusing on areas where the mimic wrinkles occur.
4. At the end of treatment apply lifting emulsion SPF15

**HOME USE PRODUCTS**

**NEURO LIFT+ LIFTING EMULSION SPF 15**

**NEURO LIFT+ ANTI-WRINKLE REGENERATING NIGHT CREAM**

**NEURO LIFT+ MIMIC WRINKLES REDUCTOR**

A specialist multi-task emulsion for intense care of mature skin with clear signs of reduced density, clearly marked wrinkles and the loss of firmness and tension. Based on solutions inspired by experience in the area of aesthetic medicine emulsion constitutes a unique combination of technologically-advanced new-generation active ingredients with a wide and verified range of activity.

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, LIFTING 4D, HYDROXYPROLISILANE CN®

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, LIFTING 4D, HYALURON INTENSE SYSTEM, HYDROXYPROLISILANE CN®

Capacity: 50 ml; Product code: NEU1003

A specialist night-time anti-wrinkle treatment with a strong regenerating effect, intended for intense care of mature skin with marked signs of reduced density, visible wrinkles and loss of firmness and tension.

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, HYALURON INTENSE SYSTEM, PHYTOSTEROL COMPLEX

Capacity: 50 ml; Product code: NEU0004

A specialist cream for intense care of mature skin with clear signs of reduced density, clearly marked wrinkles and the loss of firmness and tension. Based on solutions inspired by experience in the area of aesthetic medicine reductor constitutes a unique combination of technologically-advanced new-generation active ingredients with a wide and verified range of activity.

**ACTIVE INGREDIENTS:** NEUROPEPTIDE, TGF B BOOSTER, HYALURON FILLER

Capacity: 30 ml; Product code: NEU0005

# REVOLU C WHITE

## REVOLU C WHITE BLEMISHES BRIGHTENING TREATMENT

## PURPOSE

- All skin types with discolorations of different origin
- grey skin with an uneven tone,
- as a supportive treatment for other dermatological brightening procedures (Cosmelan, laser therapy)

## ACTIVE INGREDIENTS

**VITAMIN C** - effectively lightens discolorations, brightens the skin and improves its tone.

**SEPICALM™VG** - lipoaminoacid in conjunction with water lily extract reduces skin discoloration caused by sun, inflammation states and acne. It soothes the skin and protects DNA cells from the influence of sunlight.

**WHITENING CELLULAR COMPLEX** - active complex that consists of liquorice extract, bearberry, lemon and mulberry. Possesses brightening, anti-inflammatory and antioxidant properties.

**MELASLOW™** - extract of Japanese tangerine, that brightens the skin as well as eliminates discolorations and age spots.

**SEPIWHITE™MSH** - organic compound being the combination of aminoacids, vitamins, aloe extract, ginseng and rosemary. Provides synthesis of melanin, effectively preventing discolorations.

## DURATION

60 minutes

## FREQUENCY OF TREATMENTS

1 time per week

## NUMBER OF TREATMENTS IN THE SERIES

6 treatments

## EFFECTS

- lightening of discolorations and reduction its visible,
- skin tone is evened
- refreshed as well as improved appearance and condition of the skin

### REVOLU C WHITE PROTECTION DAY CREAM SPF30

Light day cream with double effect: protecting and lightening. SEPIWHITE™MSH contained in cream improves the appearance of pigmentation changes caused by hormonal imbalance, after – sun, age and post – acne spots. Whitening Cellular Complex equalizes skin colour, gently whitens and brightens skin. Provides long – term moisturization, nourishment and smoothes the skin, helps the skin regain balance and lustre. Protects the skin from harmful effects of sun radiation which induces melanogenesis processes.

Capacity: 150 ml  
Product code: WHI1003

### REVOLU C WHITE EXFOLIATING GEL WITH ACIDS

Thanks to synergic combination of shikimic and mandelic acid, gel relaxes inter-cellular bonds in the stratum corneum of the epidermis, accelerates natural flaking processes and stimulates regeneration of deeper skin layers. Simultaneously, it activates fibroblasts in dermis and increases synthesis of collagen and elastin, improving skin appearance. Brightens existing discoloration and makes skin colour even. Additionally, shikimic acid binds water in epidermis and prevents TEWL. The skin becomes soft and silky smooth.

Capacity: 280 ml  
Product code: WHI1000

### REVOLU C WHITE ACTIVE BRIGHTENING CONCENTRATE

Professional and highly concentrated product designed for all skin types with discolorations – hormonal, after sun, post-acne, age related changes, grey skin, uneven skin tone. Due to content of active ingredients, it diminishes synthesis of melanin, effectively lightens discolorations and evens skin tone. Improves skin resistance to new pigmentation disorders as well as protects against the influence of free radicals.

**ACTIVE INGREDIENTS:** VITAMIN C, MELASLOW™, WHITENING CELLULAR COMPLEX, SEPICALM™VG.

Capacity: 10 x 5 ml;  
Product code: WHI1002

### REVOLU C WHITE NEUTRALIZING MOUSSE

Delicate mousse immediately neutralizes effects of acids contained in the exfoliating gel, restoring proper pH level to the skin. Alleviates irritations and decreases redness. Hydromanil™ provides immediate moisturization of the stratum corneum, simultaneously regulating epidermis flaking processes, improving skin appearance.

Capacity: 160 ml  
Product code: WHI1001

## TREATMENT STEPS

1. Rinse out thoroughly make-up from eyes and lips using two-phase make-up remover. Clean face, neck and chest with facial make-up remover milk and next tone with moisturizing toner.
2. Using brush, apply onto the skin a thick layer of REVOLU C WHITE Exfoliating Gel with acids, avoiding eye area. Leave on the skin depending on its type and sensitivity: dry and sensitive – up to 2 minutes, normal skin – up to 3 minutes, oily skin – up to 5 minutes. Do not perform a massage. Observe all the time reaction on the skin. When redness and discomfort occur, remove the gel using lifter and then rinse the skin with water. Apply REVOLU C WHITE Neutralizing foam, massage it and rinse with warm-damp cotton pad. Tone the skin and dry.
3. Apply REVOLU C WHITE Active whitening concentrate onto treated skin and massage it. To enhance the effect, the product may be applied with the use of ultrasounds.
4. In a glass bowl, mix the REVOLU C WHITE Mask activator – pure vitamin C and REVOLU C WHITE Skin brightening mask, until the mask is consistent and uniform. Apply onto the skin, avoiding eye area and leave for 15 minutes. Remove excess mask using lifter, then rinse out thoroughly with warm-damp cotton pad. Tone the skin and dry.
5. At the end of the treatment massage SPF 50 cream into the skin.

## HOME USE PRODUCTS

### REVOLU C WHITE BLEMISH REDUCING CREAM SPF30 DAY

Specialist cream gradually lightens various discolorations, evens skin tone and restores the skin's natural glow. It can be used for sun, acne, hormonal and senile discoloration. The cream contains UV filters, thanks to which it protects the skin against the harmful effects of solar radiation and increases resistance to pigmented changes.

**ACTIVE INGREDIENTS:** VITAMIN C, SEPIWHITE™MSH, WHITENING CELLULAR COMPLEX

Capacity: 50 ml;  
Product code: WHI1004

### REVOLU C WHITE RESTRUCTURING NIGHT CREAM

It actively brightens discolorations, evens skin tone and increases the skin's resistance to new pigmentation changes. It regenerates the epidermis and its reconstruction process. Has a restructuring effect, moisturizes and rejuvenates the skin.

**ACTIVE INGREDIENTS:** VITAMIN C, SHIKIMIC ACID, MELASLOW

Capacity: 50 ml;  
Product code: WHI1005

### REVOLU C WHITE NIGHT TREATMENT WITH VITAMIN C

The cream has a triple effect: brightening, regenerating and soothing. Removes excess pigment from the top layers of the epidermis, thanks to which it reduces discoloration and evens skin color. Increases skin resistance to new pigmentation changes, stimulates the skin renewal process and soothes redness and skin irritation.

**ACTIVE INGREDIENTS:** VITAMIN C, SEPICALM, MELASLOW

Capacity: 5 x 5 ml;  
Product code: WHI1006

# DERMA ACNE+

## DERMAACNE+ CLEANSING TREATMENT

PURPOSE

- Oily skin with visible blackheads and enlarged pores,
- Acne and seborrhea skin prone to pimples formation and skin impurities

ACTIVE INGREDIENTS

**PEAR EXTRACT** - with a smoothing properties, gently removes dead epidermal cells, reduces skin imperfections, soothes, moisturises and revitalises. Contained pectin influence positively on the acne-prone skin.

8. At the end of the treatment massage into the skin DERMAACNE+ Moisturizing mattifying face cream.
- 9.

# DERMACOS

## DERMACOS SOOTHING AND PROTECTING TREATMENT

## PURPOSE

- Capillary, sensitive and delicate skin, prone to irritations
- rosacea
- irritated and redness-prone skin, susceptible to external environmental factors (temperature changes, freeze, wind)

## ACTIVE INGREDIENTS

**PRONALEN ANTI – FATIGUE HSC** - a breakthrough capillaries strengthening system, being a combination of ruscus extract, black blueberry and lemon. Stimulates microcirculation, increases the resistance and tightness of blood vessels.

**ANTICOUPEROSE SYSTEM** - synergic combination of chestnut tree extract, American witch-hazel and aronia. Streamlines blood circulation and reinforces walls of capillaries, decreases hyperirritability and reactivity of skin to external factors, reduces swelling.

**MICRO-SPHERES WITH TROXERUTIN** - bioflavonoid of natural origin that decreases the permeability, improves elasticity of minor blood vessels as well as prevents its cracking.

**SEPICALM™VG** - lipoamino acid combined with water lily extract, possesses soothing properties, protects DNA cells against the influence of UV rays.

## DURATION

60 minutes

## FREQUENCY OF TREATMENTS

1 -2 time per week

## NUMBER OF TREATMENTS IN THE SERIES

10 treatments

## EFFECTS

- Shrinking of capillaries,
- Skin tone improvement,
- Protection against harmful influence of external factors

### DERMACOS SOOTHING - STRENGTHENING MASK

Professional mask possessing extremely effective soothing properties. Designed for all irritated and reddened skin types, especially sensitive, capillary and rosacea-prone. Promptly and visibly improves appearance of irritated and reddened skin, soothes and reduces redness. Strengthens and makes supple blood vessels and prevents it from breaking. Activates natural immune system, protecting the skin against the harmful influence of external factors.

**ACTIVE INGREDIENTS:** SEPICALM™VG, VITAMIN C, ANTI INFLAMMATE SYSTEM, ARNICA EXTRACT, HORSE CHESTNUT EXTRACT.

Capacity: 200 ml;  
Product code: PRO6107

### DERMACOS CAPILLARY STRENGTHENING CREAM

Cream that regenerates and strengthens delicate blood vessels. Recommended for taking care of capillary, sensitive skin prone to redness and irritations. Visibly improves condition of the skin and prevents telangiectasia from occurring.

**ACTIVE INGREDIENTS:** SEPICALM™VG, VITAMIN C, ANTI INFLAMMATE SYSTEM, VITAMIN E.

Capacity: 150 ml  
Product code: PRO6103

## DERMACOS

### ACTIVE STRENGTHENING BLOOD VESSELS CONCENTRATE

Professional concentrate based on ingredients that possess multi-directional effects of soothing and strengthening. Effectively strengthens the walls of blood vessels and improves elasticity, in order to preventing its cracking. Due to soothing ingredients, the product alleviates irritations and reddened skin, strengthens natural protective functions as well as prevents new erythema states from occurring. This concentrate is recommended for capillary, sensitive and delicate skin prone to irritations as well as rosacea-prone skin. May be applied with the use of ultrasounds or needle-free mesotherapy.

**ACTIVE INGREDIENTS:** SEPICALM™VG, VITAMIN C, ANTI INFLAMMATE SYSTEM.

Capacity: 10 x 5 ml;  
Product code: PRO7004

## TREATMENT STEPS

1. Thoroughly remove make-up from eyes and lips using PURE ICON Two-phase make-up remover. Purify the face, neck and chest with PURE ICON Facial make-up remover milk and next tone the skin with PURE ICON Soothing toner.
2. Apply PURE ICON Enzymatic peeling and leave for 10-15 minutes. Next rinse the products with warm-damp cotton pad, tone the skin and dry.
3. Spread evenly the content of vial with DERMACOS Active strengthening blood vessels concentrate all over treated skin and perform sonophoresis treatment for about 10 minutes. After this time remove excess mask using damp cotton pad. Tone the skin and dry.
4. The treatment may be performed without using ultrasounds. Spread evenly the content of vial with concentrate all over treated skin and leave to absorb (for about 10 minutes).
5. Perform a gentle massage using DERMACOS Soothing facial mask
6. and leave for 10-15 minutes. Remove the mask entirely and tone the skin.
7. At the end of the treatment apply DERMACOS Capillary strengthening cream

# FACE ROLLER

## FACE ROLLER ACID MICRONEEDLE SKIN EXFOLIATION

### PURPOSE

- visible wrinkles
- lack of firmness and elasticity,
- photoaging, hyperpigmentation

### OPERATION OF THE PRO-

- Stimulates microcirculation, increases elasticity and firmness of the skin
- Shallowing of wrinkles, remodeling of the face contour, regeneration, rejuvenation
- Improves moisture levels, skin colour and condition

### ACTIVE INGREDIENTS

**NEUROPEPTIDE**- neuroactive new generation peptide, effectively delays formation and deepening of wrinkles. Activates skin to produce collagen, visibly smoothing it.

**COLLAGEN BOOSTER**- innovative peptide with stimulating collagen production properties. Strengthens the skin, smoothes, improves firmness and models face oval.

**HYLAURON INTENSE SYSTEM**- selected combination of hyaluronic acid with different sizes of molecules. Additionally smoothes, improves firmness and elasticity.

### FACE ROLLER ACTIVE ANTI-AGEING CONCENTRATE FOR MICRONEEDLE MESOTHERAPY

professional product based on organic acids. Dedicated for skin with lack of firmness and elasticity, photoaging, hyperpigmentation, excessive keratinization. The effects of using the product: improved condition and structure of the skin, smoothed skin surface, improved density, reduced wrinkles, accelerated skin revival, visibly lightened discolorations, evened skin tone, gradually and deeply cleansed the skin, restoration of youthful and fresh appearance.

**ACTIVE INGREDIENT:** NEUROPEPTIDE, COLLAGEN BOOSTER, HYLAURON INTENSE SYSTEM

Capacity: 5 x 5 ml;  
Product code: ROL0000

### TREATMENT STEPS

1. Remove make-up precisely from eyes and mouth using Two-phase make-up remover. Afterwards, clean the face, neck and chest with Facial make-up remover milk and then tone the skin using Soothing facial toner. Dry the skin.
2. Before treatment, put a protective gloves on your hands.
3. Disinfect the surface of the treated skin with disinfecting and degreasing product. Start microneedling the skin with derma roller according to work technique with roller with needles length from 0,3 to 0,5 mm, depending on type and condition of the skin.
4. The basic work technique with derma roller: Start microneedling from forehead, then roll the cheeks, nose, chin, neck and chest. Stretch the skin with one hand and roll it in four directions – vertically, horizontally, diagonally to the right and left, adjusting the force of pressure to individual customer sensations. Repeat each movement 4 times.
5. All the time observe reaction on the skin. During the treatment, swelling and redness may occur, which depend on individual sensitivity and type of the skin – these reactions can keep up to several hours.
6. After microneedling process, disinfect the skin thoroughly. Apply the product onto treated skin and massage it. Avoid contact with eyes. All the time observe reactions on the skin; if necessary wash off the product with water a few times. After applied the concentrate onto skin, it may arise the sensation of smarting and tingling, whose intensiveness and duration may depend on individual sensitivity and type of the skin. Leave it to absorb.
7. After product is fully absorbed, apply onto your skin Regenerating and soothing mask from IDEAL PROTECT line. Leave it for 20 – 30 minutes. In case of strongly reddened skin, gently remove the excessive of mask with dry cotton pad and gently massage the residue into the skin.
8. At the end of the treatment, apply onto your skin IDEAL PROTECT Regenerating barrier cream SPF50+

### SKIN REACTION DURING AND AFTER TREATMENT

During the treatment, there may occur the sensation of smarting, tingling, swelling and redness. A gentle process of exfoliation may appear 1-2 days after treatment and may last up to 2 days. Intensiveness and duration of these sensations depend on individually sensitiveness and skin type.

## ACTIVE CONCENTRATES FOR SKIN CARE SET

### PURPOSE

- all skin types

### ACTIVE INGREDIENTS

**HYLAURON INTENSE SYSTEM** - a specially selected mixture of hyaluronic acid molecules of various sizes ensuring multilevel moisturizing and skin firming effect.

**VITAMIN C - EFFECTIVELY BRIGHTENS DISCOLORATIONS**, improves skin tone and adds glow to the skin

**ZINC PCA** - helps to clean pores, restores natural pH to the skin, reduces irritations

### EFFECTS

- Immediate, long lasting moisturization
- Protection for water loss
- Improvement of skin elasticity and firmness

### ACTIVE CONCENTRATE FOR SKIN CARE - MIX set

The most popular concentrates from five lines, closed in one package – DERMAACNE+, HYDRA QUEST, AMBER LAVI, SKALPEL, DERMACOS. Synergic combination of selected and innovative active ingredients in high concentration, providing a perfect effectiveness of action. The products may be applied with the use of needle-free mesotherapy, oxygen mesotherapy or ultrasounds. They also not required using any apparatus during cosmetic treatments. The products may be applied directly under creamy or algae mask or manually during the massage. ONE PACKAGE IS ENOUGH FOR MANY TREATMENTS.

Capacity: 10 x 5 ml;  
Product code: PRO7007

# VEGAN NATURE

## VEGAN NATURE VEGAN FEAST FOR BODY AND MIND

**PURPOSE**  • all kinds of skin  
• The treatment is recommended for people who are busy, tired, with a sense of „lack of energy“, seeking relaxation and who wants to take care of their body in a comprehensive way. A great proposition before an important meeting, when we must be in a unique physical and mental form

**ACTIVE INGREDIENTS**  100% vegan formulas of preparations, composed of natural ingredients, which constitute a minimum of 90% of all raw materials used in preparations: vegetable oils, minerals and botanical extracts. The other ingredients provide a pleasant sensory experience and high durability of formulas.

**DURATION**  60 minutes

**FREQUENCY OF TREATMENTS**  1 -2 time per week

**NUMBER OF TREATMENTS IN THE SERIES**  1 ( recommended)

**EFFECTS**  • Smoothing and refreshing  
• Restoring of firmness and flexibility to the skin  
• Fragrant, relaxed body

### TREATMENT STEPS

1. Fragrance test - adjusting the treatment to the tastes and mood of the client. We allow the client to choose the fragrance that will appear in all the preparations used during the treatment. You can choose from 4 aromatic fragrance oils inspired by four elements - earth, fire, water, air.
2. Put about 60g of dry body scrub to the glass bowl, add 5 drops of the aromatic fragrance oil chosen by the customer, mix thoroughly. Apply the scrub on wet skin and massage gently. For those who prefer a delicate abrasion effect, prepared peeling should be combined with massage oil. Wash in the shower or with moist, warm compresses.
3. Pour about 30ml of massage oil into a glass bowl, add 5 drops of aromatic fragrance oil chosen by the customer, mix thoroughly. Perform a relaxing massage of the whole body, taking into account the feet, hands and head. For a full relaxation, also have a facial massage. For facial massage use oil without adding aromatic fragrance oil. After finishing the massage, wash off excess oil with warm, moist compresses and dry the skin.
4. Finish the treatment with the application of a preparation that best suits the needs of the client's skin. In the case of dry, dehydrated, sensitive and regenerative skin, use hydro body mousse. In the case of flaccid skin, lacking firmness, flexibility and tension, choose a multi balm for the body. Put about 20g of the selected preparation in a glass bowl, add 5 drops of the aromatic fragrance oil chosen by the customer, mix thoroughly. Massage into the skin and leave to absorb

### VEGAN NATURE MASSAGE OIL

BODY MASSAGE OIL CONTAINING 98% NATURAL INGREDIENTS. For all skin types, including sensitive and delicate skin, for body massage. Recommended as an independent product or base oil for aromatherapy treatments. The preparation can also be used to massage the face

**ACTIVE INGREDIENTS:** BURITTI OIL, AVOCADO OIL, SWEET ALMOND OIL, BOTANICAL COMPLEX OF MARINE ALGAE EXTRACTS

Capacity: 500ml;  
Product code: PRO7017

### VEGAN NATURE MOISTURIZING- REGENERATING BODY HYDRO- MOUSSE

Ultra light formula and long-term feeling of moisture. Absorbs quickly without oily film. Hydro body mush containing 94% natural ingredients. Recommended for all skin types, especially dehydrated and dry.

**ACTIVE INGREDIENTS:** SEAWEED EXTRACT, SEA MINERALS, VITAMIN E

Capacity: 500ml;  
Product code: PRO7018

### VEGAN NATURE DRY BODY SCRUB

Body peeling containing 90% natural ingredients combining the advantages of salt, sugar and oil peeling. Perfect before all body treatments. Cleanses dead skin cells, smoothes and firms the skin.

**ACTIVE INGREDIENTS:** SUGAR AND SALT CRYSTALS, MACADAMIA NUT SHELLS, PERILLA OIL, SWEET ALMOND OIL, ALGAE EXTRACT, VITAMIN E

Capacity: 600g;  
Product code: PRO7016

### VEGAN NATURE SMOOTHING-FIRMING BODY MULTI BALM

MULTI BALM for the body containing 92% natural ingredients, leaves a soft and velvety finish on the skin. Recommended for all types of skin. Can be used as a body balm at the end of the treatment or as a body mask.

**ACTIVE INGREDIENTS:** SEAWEED EXTRACT, CAFFEINE, CENTELLA ASIATICA.

Capacity: 600g;  
Product code: PRO7019

### VEGAN NATURE AROMA FRAGRANCE OIL- FOUR ELEMENTS

An aromatic fragrance designed to be combined with a base preparation - peeling, massage oil, hydro-mousse, multi-balm. The preparation can also be used for scented fireplaces.

**AIR AROMA**  
A combination of watery scents combined with a sensuous lotus flower accord and green fruit broken with a delicate, refreshing aroma of eucalyptus.

Capacity: 30ml;  
Product code: PRO7030

**EARTH AROMA**  
An aromatic wood-floral combination with palpable herbal notes combined with bitter orange, raspberry, gardenia, nerola and ambergris, with the addition of patchouli, cedar and sandalwood, which add extraordinary elegance. A sensual and deep aroma, bringing the body and mind to rest.

Capacity: 30ml;  
Product code: PRO7028

**FIRE AROMA**  
unique, aromatic, stimulating the senses combination of floral and fruit aromas, combined with pink pepper, complemented by a hint of patchouli, amber and musk. Aroma stimulating the senses, creating a mood of comfort and complete relaxation.

Capacity: 30ml;  
Product code: PRO7029

**WATER AROMA**  
an aromatic combination of fresh, sea and fruity-floral fragrance notes, with a noticeable accord of cedar wood, musk \* and ambergris \*, which add tempting sweetness. A refreshing body and soul aroma that stimulates and improves mood.

Capacity: 30ml;  
Product code: PRO7031

# GUARANA SLIM

## GUARANA SLIM ANTYCELLULITE MASSAGE OIL

Product stimulates body by scent of juicy and tropical fruits. Improves elasticity, strengthens and firms the skin. Intensively regenerates, soothing irritations and conditioning epidermis.

**ACTIVE INGREDIENTS:** GRAPESEED OIL, SUNFLOWER OIL.

Capacity: 950 ml;  
Product code: PRO1007

## GUARANA SLIM ANTI-CELLULITE BODY SCRUB

Body scrub designed for people that struggle with cellulite. It exfoliates dead cells of the epidermis and softens, preparing the skin for absorption of active ingredients. The product leaves a marvellous scent of juicy and tropical fruits on the skin.

**ACTIVE INGREDIENTS:** PLANT EMOLLIENTS, BEESWAX, PEELING PARTICLES FROM MACADAMIA NUTS.

Capacity: 600 g;  
Product code: POR1005

## GUARANA SLIM ANTI-CELLULITE BODY TREATMENT

### PURPOSE

- water and fat cellulite,
- excessive amount of adipose tissue,
- the skin requiring detoxification
- passive lifestyle

### ACTIVE INGREDIENTS

**L-CARNITINE** - well-known ingredient with anti-cellulite properties. Increases cellular metabolism, preventing growth of adipocytes. It is indispensable for a proper metabolism of lipids, causing transformation of fatty acids into energy.

**GUARANA EXTRACT** - extract from a plant known for its energizing and metabolism-stimulating properties, resulting from a high share of guarana and alkaloids, theobromine and theophylline, adenine, terpenes, tannins, starch, fats, flavonoids and saponins which have synergistic effect with respect to caffeine. These ingredients provide guarana with thermogenic properties, leading to lipolysis stimulation, causing disintegration of fat to products metabolized in tissue. Guarana prevents lipogenesis, i.e. the process of renewed accumulation of fat in adipocytes.

**GINGER EXTRACT** - stimulates circulation, accelerates removal of toxins, supports fight with cellulite

## GUARANA SLIM ANTI-CELLULITE BODY BUTTER

Recommended for skin with water and fat cellulite. It strengthens the skin, improving its firmness and elasticity. Reduces visibility of cellulite as well as smoothes and softens with long-lasting effect, leaving on the skin aromatic scent of juicy and tropical fruits.

**ACTIVE INGREDIENTS:** L-CARNITINE, GUARANA EXTRACT, GINGER EXTRACT.

Capacity: 500 ml;  
Product code: POR1008

## GUARANA SLIM ANTI-CELLULITE BODY MASK

Product designed for people struggling with cellulite and excessive amount of adipose tissue or for the skin needing cleansing. Improves firmness and elasticity, leaving the epidermis pleasantly soft and smoothed. Accelerates lipolysis of the skin as well as helps remove toxins. The mask also intensively regenerates and strengthens the skin as well as leaves on the skin extremely scent of juicy and tropical fruits.

**ACTIVE INGREDIENTS:** L-CARNITINE, GUARANA EXTRACT, GINGER EXTRACT.

Capacity: 500 ml;  
Product code: POR1006

### NUMBER OF TREATMENTS IN THE SERIES

Number of treatments in series: as one time treatment or series of treatments adjusted to needs of skin

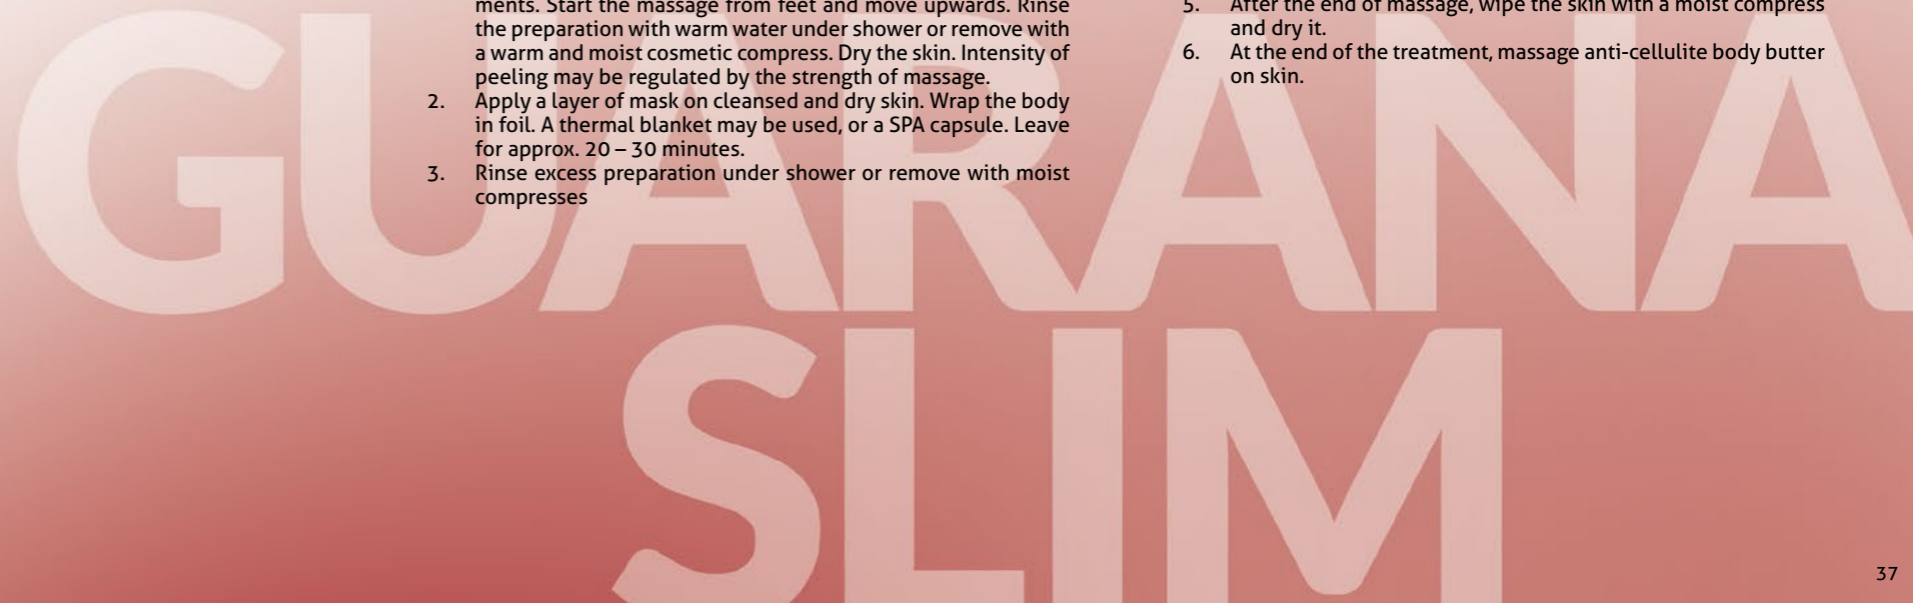

### EFFECTS

- reduced visibility of cellulite
- firming of the skin,
- restored elasticity

### TREATMENT STEPS

1. Apply anti-cellulite scrub on entire body or body parts subjected to treatment. Perform brief massage with circular movements. Start the massage from feet and move upwards. Rinse the preparation with warm water under shower or remove with a warm and moist cosmetic compress. Dry the skin. Intensity of peeling may be regulated by the strength of massage.
2. Apply a layer of mask on cleansed and dry skin. Wrap the body in foil. A thermal blanket may be used, or a SPA capsule. Leave for approx. 20 – 30 minutes.
3. Rinse excess preparation under shower or remove with moist compresses
4. Perform firming body massage with elements of lymphatic drainage with the use of massage oil.
5. After the end of massage, wipe the skin with a moist compress and dry it.
6. At the end of the treatment, massage anti-cellulite body butter on skin.

# HANDS & NAILS ARTIST

## HANDS & NAIL ARTIST PROFESSIONAL MANICURE

PURPOSE

- Professional manicure treatment,
- dry, rough, overgrown,
- cracked cuticles, brittle nails,
- nails damaged by styling and treatments,
- dry and rough skin of the hands.

ACTIVE INGREDIENTS

**CUTICLE REMOVER FORMULA** – a composition of sodium hydroxide, 4 AHA acids - lactic, malic, glycolic, citric and salicylic acid quickly and effectively softens the skin around the nails, which facilitates its shaping and/or removal and cleaning of the nail plate.

**LIPOSOME VITAMIN A, C, E COMPLEX** – it nourishes the skin and nails, supports their reconstruction and protects them from the harmful effects of external factors. Thanks to liposomal carriers, vitamins effectively overcome the epidermal barrier and penetrate the deeper layers of the skin.

**PAPAIN** - papaya enzymes have a cleansing effect, remove dead skin cells and stimulate skin regeneration processes. They improve skin tone and condition.

**HYALURONIC ACID** - three-molecule hyaluronic acid works with triple strength on the surface of the skin, in its deeper layers and additionally increases the absorption of other active substances. It moisturises and regenerates the skin intensively and improves its elasticity and firmness.

**NATURAL PLANT OILS** - a combination of sweet almond oil and grape seed oil smooths the skin, increases its elasticity, supports its regeneration, and deeply moisturises and softens the skin around the nails. It strengthens the nail plate and improves its condition considerably.

EFFECTS

- perfectly clean nail plate,
- smooth and manicured cuticles,
- smooth and soft skin on hands,
- regenerated, nourished and moisturised skin on hands and cuticles,
- stronger nails, perfect look of the skin on hands, nails and cuticles.

**HANDS & NAILS ARTIST VITAMIN LOTION – HAND, NAIL AND CUTICLE MASK**

A combination of light texture of a lotion with concentrated strength of a mask. The formula of this preparation is based on the liposome vitamin complex and has been developed especially not to affect the durability of the manicure treatment. It can be applied directly after styling the nails. It moisturises the skin, softens and nourishes the cuticles and strengthens the nail plate. It absorbs quickly and leaves no greasy film.

**ACTIVE INGREDIENTS:** LIPOSOME VITAMIN A, C, E COMPLEX, 10% UREA, PANTHENOL, ALLANTOIN, SWEET ALMOND OIL, GRAPE SEED OIL.

Capacity: 280 ml;  
Product code: PRO7010  
Capacity: 50 ml;  
Product code: PRO7011

**HANDS & NAILS ARTIST EXPRESS SOFTENING GEL FOR CUTICLE REMOVAL**

An express preparation that softens the cuticles effectively and facilitates their easy shaping and/or removal in a dozen seconds. It prevents chipping, cracking and overgrowing of cuticles on the nail plate, smooths and moisturizes them. It's recommended to supplement any type of manicure treatment. The product does not change the durability of nail styling treatments.

**ACTIVE INGREDIENTS:** CUTICLE REMOVER FORMULA, PANTHENOL.

Capacity: 50 ml;  
Product code: PRO7008

**HANDS & NAILS ARTIST CUTICLES AND NAIL CARE OIL**

For professional manicure, dry cuticles, brittle nails, nail plate damaged by nail styling, dry and rough hand skin exposed to adverse external factors.

**ACTIVE INGREDIENTS:** NATURAL OILS: SWEET ALMOND OIL; SESAME OIL; AVOCADO OIL; VITAMIN A, E, F, H

Capacity: 30ml  
Product code: PRO7013

**HANDS & NAILS ARTIST HAND AND NAIL ENZYME PEEL FOAM**

A delicate, yet effective product with peeling effect based on fruit enzymes. It cleanses and removes dead cells of the epidermis, improves skin tone of the hands and nails. It smooths the skin and cuticles and reduces the imperfections of the nail plate, improving the appearance and condition of the hands. The product does not change the durability of nail styling treatments.

**ACTIVE INGREDIENTS:** PAPAIN, UREA, HYALURONIC ACID, PANTHENOL.

Capacity: 150 ml;  
Product code: PRO7009

TREATMENT STEPS

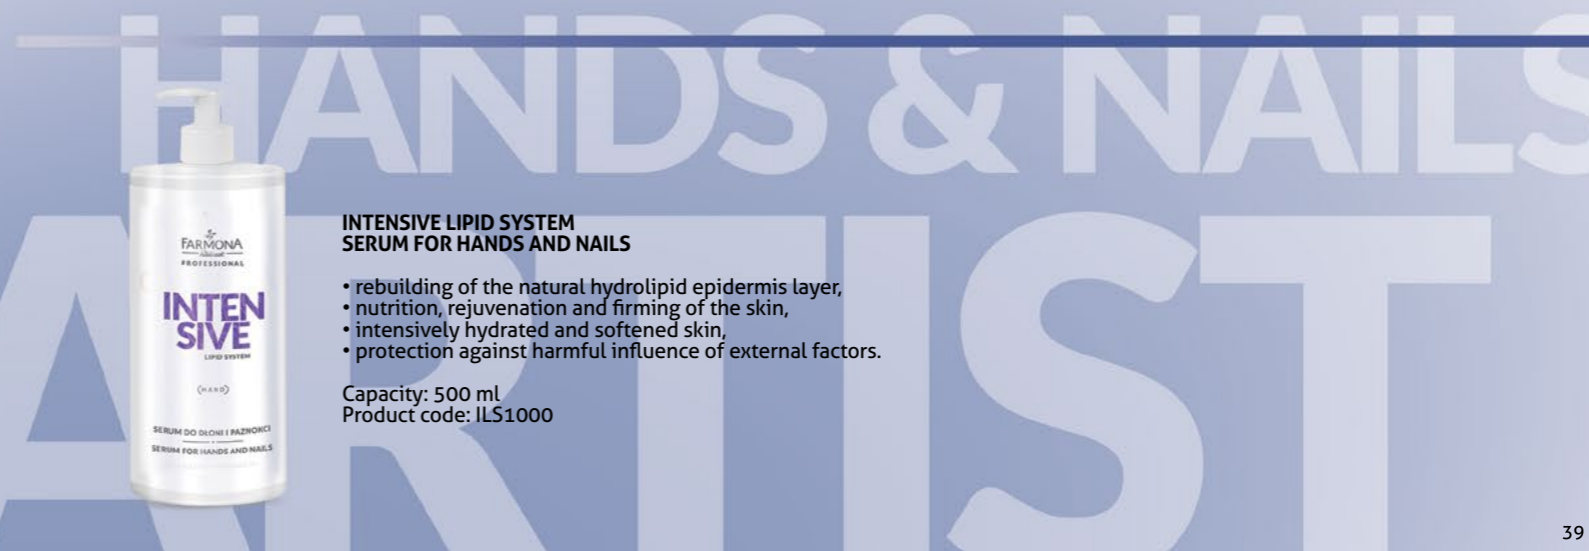

1. Remove nail polish or conditioner from your nails and cleanse the skin of your hands.
2. Apply a dose of the Express Softening Gel onto the cuticles and the nail plate, in the places where it is covered by skin.
3. Leave for 40 - 60 seconds, but not longer than 1 minute. The application time should depend on the thickness of the cuticles. Then gently remove the cuticles with a stick.
4. Rinse the excess of the preparation thoroughly with warm water and soap.
5. Spread an even, covering layer of Enzyme Peel Foam on the skin of the hands (also on the palm side), nails and cuticles.
6. Leave the foam spread on your hands for about 5 minutes. Then, rinse your hands with a warm, moist compress.
7. Proceed to the next stages of the manicure treatment.
8. Before beginning nail stylisation (including the application of nail conditioner) degrease the nail plate.
9. At the end of the procedure, apply a small amount of the Vitamin Lotion Mask onto the skin of the hands and cuticle; massage gently and leave to absorb.
10. In the case of very dry skin and cuticles and damaged and brittle nails, apply a thicker layer of the lotion, wrap in foil and leave for about 10 minutes, then massage the unabsorbed preparation into the skin

**INTENSIVE LIPID SYSTEM SERUM FOR HANDS AND NAILS**

- rebuilding of the natural hydrolipid epidermis layer,
- nutrition, rejuvenation and firming of the skin,
- intensively hydrated and softened skin,
- protection against harmful influence of external factors.

Capacity: 500 ml  
Product code: ILS1000

# HANDS SLOW AGE

## HANDS SLOW AGE TRI-ACTIVE HANDS SCRUB ANTI-AGEING

Advanced anti-aging hand scrub based on a triple exfoliating and eroding system. Effectively cleanses and exfoliates dead skin cells, lightens discolorations and reduces their visibility, evens out the skin tone, smoothes the skin of the hands. Peeling dedicated for rough, dry skin, requiring regeneration, with clear signs of aging.

**ACTIVE INGREDIENTS:** SHIKIMIC ACID, PAPAYA EXTRACT, EXFOLIATING MICROFIBRES

Capacity: 200 ml;  
Product code: PRO7038

## HANDS SLOW AGE ANTI-AGEING HANDS SERUM

Unique, instantly absorbing skin serum that guarantees the effect of delicate and silky smooth hands. It improves skin firmness and elasticity, intensively moisturizes and strengthens its hydro-lipid barrier. Thanks to the anti-aging ingredients, it delays the aging process, brightens and evens the skin tone, restoring the skin's younger and healthier appearance. It does not leave greasy and sticky feeling.

**ACTIVE INGREDIENTS:** WHITENING CELLULAR COMPLEX, CERAMIDES, DURAQUENCH IQ SA, COENZYME Q10

Capacity: 200 ml;  
Product code: PRO7040

## HANDS SLOW AGE BRIGHTENING - ANTI-AGING PARAFFIN MASK FOR HANDS

A creamy hand mask, the warming formula of which activates during massage and improves the penetration of active ingredients. It smoothes and nourishes the skin, increases its firmness and elasticity, lightens discolorations and evens out the color, reduces the visibility of age spots. It stimulates the renewal and regeneration of the epidermis, rejuvenates and improves the appearance of your hand skin.

**ACTIVE INGREDIENTS:** WHITENING CELLULAR COMPLEX, MELASLOW™, AHA ACIDS, CERAMIDES, BEESWAX.

Capacity: 300 g;  
Product code: PRO7039

## HANDS & NAIL ARTIST ANTI-AGEING HANDS TREATMENT

### PURPOSE

• dry, rough hands skin • hands skin that needs regeneration • with visible ageing signs and lack of elasticity, • with visible discolorations

### ACTIVE INGREDIENTS

**WHITENING CELLULAR COMPLEX** - active herbal extracts: licorice, bearberry, lemon and mulberry, resulting in brightening, anti-inflammatory and antioxidant effect  
**MELASLOW™** - Japanese tangerine extract, which brightens the skin and reduces discolorations and age spots  
**AHA ACIDS** - combination of acids: glycol, malic, citric and lactic; shows keratolytic activity, gradually and gently exfoliates skin, smoothes and improves the appearance of skin

### EFFECTS

• Regenerated, moisturised and smoothed hands  
• Strengthened skin immunity to external factors  
• Rejuvenated skin on hands

### TREATMENT STEPS

1. Apply a small amount of Tri-Active peeling on the clean, dry skin of the hand, perform a gentle massage and leave for about 3 minutes. Then wash thoroughly with warm, moist compresses and dry your hands.
2. This cleansed and smoothed skin is ready to receive active ingredients from the mask. Apply a covering layer of brightening and anti-aging paraffin mask to your hand on your skin and nails. Perform a short massage to activate the warming formula and intensify its effect. Wrap your hands in foil and put on Terry gloves. Leave for about 5 minutes and then remove excess mask with warm, moist compresses.
3. At the end of the procedure massage the anti-aging serum in your hands and allow it to absorb

# HANDS REPAIR

## HANDS REPAIR SOOTHING AND HYDRATING HAND TREATMENT

## HANDS REPAIR MOISTURISING HAND MASK

Creamy mask that intensively moisturises the skin with long-lasting effects. Provides the skin with nourishing and regenerating ingredients. Soothes irritations and strengthens protective barrier of the epidermis. Recommended for dry and rough skin, damaged by the influence of detergents and atmospheric factors.

**ACTIVE INGREDIENTS:** NONI FRUIT EXTRACT, HONEY EXTRACT, SILK PROTEINS, VITAMIN E

Capacity: 300 ml;  
Product code: PRO1201

## HANDS REPAIR MOISTURISING HAND AND NAIL SORBET

Product with light and quickly absorbing formula. Recommended for dry and rough skin after manicure treatment. It soothes irritations, deeply nourishes, softens and smoothes the skin. Protects against the harmful influence of detergents and environmental factors.

**ACTIVE INGREDIENTS:** NONI FRUIT EXTRACT, SILK PROTEINS, PANTHENOL.

Capacity: 500 ml;  
Product code: PRO1203

## HANDS REPAIR AROMATIC HAND BATH SALT

Bath salt of juicy peach scent recommended especially for dry and rough skin. It cleanses, softens keratinised epidermis, optimally hydrates as well as prepares hands for manicure treatment.

**ACTIVE INGREDIENTS:** NONI FRUIT EXTRACT.

Capacity: 600 g;  
Product code: PRO1204

### PURPOSE

• Dry, rough and damaged skin, caused by the influence of detergents and atmospheric factors (sun, wind, frost).

### ACTIVE INGREDIENTS

**HONEY EXTRACT** - intensively nourishes and regenerates the skin as well as alleviates irritations.  
**SILK PROTEINS** - contain amino acids whose structure is resembled to structure of the skin, thereby they absorb easily, improving firmness and elasticity of the skin. Silk proteins also have the ability to retain water in the epidermis.  
**NONI FRUIT EXTRACT** - extract derived from Indian mulberry being a rich source of vitamins, minerals and amino acids. It soothes irritations, nourishes and possesses anti-ageing properties.

### EFFECTS

• regenerated, moisturised and smoothed hands,  
• soothed irritations, strengthened skin immunity to external factors

## HANDS REPAIR HAND PEELING JELLY

A gentle scrub with pleasant and gel formula, which contains exfoliating particles. The product is dedicated for dry and rough skin, damaged by the influence of detergents and atmospheric factors. Cleanses and removes dead cells, leaving the skin smoothed and soft. It also moisturises and improves the absorption of active ingredients from subsequently applied products.

**ACTIVE INGREDIENTS:** NONI FRUIT EXTRACT, PANTHENOL.

Capacity: 300 ml;  
Product code: PRO1202

### TREATMENT STEPS

1. Prepare bath using Aromatic bath salt and soak your hands for approx. 5-10 minutes.
2. Apply Peeling jelly to your hands and perform massage.
3. The residue of peeling rinse with water or remove with damp cotton pads.
4. Apply a thick layer of Moisturising mask on cleansed and dry hands, wrap them in foil and put on frotte gloves. Leave for approx. 20 minutes. In case of very damaged skin, the product may be used under paraffin mask in order to enhance the effect.
5. Afterwards, take off the gloves and foil. The residue of mask remove with damp cotton pad.
6. At the end of the treatment massage into your skin Moisturising sorbet.

# EXOTIC MANICURE

## VELVET HANDS NOURISHING AND REGENERATING HAND TREATMENT

**PURPOSE**  • Dehydrated skin,  
• brittle and weak nails

**ACTIVE INGREDIENTS**  **UREA** - softens the stratum corneum and facilitates penetration of active ingredients. Intensely hydrates and retains water in the skin.  
**ALMOND EXTRACT** - rich in unsaturated fatty acids and vitamins. Excellently nourishes and regenerates the skin, restores firmness and velvety smoothness.  
**MULTIOILS COMPLEX** - complex that combines coconut oil and almond oil with Shea butter. Intensely regenerates, restoring firmness and velvety smoothness to the skin.

**EFFECTS**  • intensive regenerated hands, provided long-lasting hydration • improved elasticity and softening  
• rebuilding of natural lipid barrier of the epidermis • strengthened nails and reduced their brittleness

## VELVET HANDS SMOOTHING AND BRIGHTENING HAND TREATMENT

**PURPOSE**  • Dehydrated skin  
• Weak and brittle nails

**ACTIVE INGREDIENTS**  **UREA** - softens the stratum corneum and facilitates penetration of active ingredients.  
**CERAMIDES** - sphingolipids which significantly influence correct functioning of the stratum corneum. They form a part of 2nd intercellular cement, protecting the skin from loss of water and strengthening natural barrier properties of skin. They create in the epidermis a layer which protects from water loss as well as strengthens its absorption. Ceramides also accelerate regeneration processes and smooth the skin.  
**MILK PHOSPHOLIPIDS** - particles resembling phospholipids by their structure, which are a building block of cellular membrane. They possess strong hydrating and oiling properties. They soften the epidermis, facilitate resorption and penetration of biologically active substances.

**EFFECTS**  • intensive regeneration  
• long-term moisturization  
• improved elasticity and firmness of skin  
• renewal of natural skin's lipid barrier  
• strengthened nails

### EXOTIC MANICURE REGENERATING HAND MASK

Intensely regenerating creamy mask, recommended for dehydrated skin as well as brittle and weak nails. Due to optimally selected active ingredients, the product not only hydrates the skin, but also protects hydrolipid barrier of the epidermis and regenerates nails.

**ACTIVE INGREDIENTS:**  
UREA, MULTIOILS COMPLEX, ALMOND EXTRACT.

Capacity: 300 ml;  
Product code: PEM1002

### EXOTIC MANICURE SUGAR SCRUB FOR HANDS

Intensely cleansing sugar hand scrub designed for dry and dehydrated skin. Perfectly cleanses and exfoliates rough epidermis. Stimulates blood microcirculation and prepares the skin for absorption of active ingredients from subsequently applied products.

**ACTIVE INGREDIENTS:**  
SHEA BUTTER, VITAMIN E.

Capacity: 300 g;  
Product code: PEM1001

### EXOTIC MANICURE REGENERATING HAND AND NAIL CREAM

Intensely regenerating cream with silky formula, recommended for dehydrated and dry skin as well as for brittle nails. It deeply moisturises, regenerates, nourishes improves firmness and elasticity of the skin. A special oily complex strengthens nails and protects against brittleness.

**ACTIVE INGREDIENTS:**  
MULTIOILS COMPLEX,  
ALMOND EXTRACT,  
VITAMIN E

Capacity: 500 ml;  
Product code: PEM1003

### TREATMENT STEPS

1. Apply Sugar scrub and gently massage into hands, then rinse with damp cotton pad.
2. To dry hands apply Regenerating mask and perform relaxing massage.
3. After the end of massage apply once again a thicker layer of mask. Wrap hands in foil and put on frotte gloves. Leave for 20 minutes. To enhance the effect perform paraffin treatment on the hands.
4. Remove excess product with damp cotton pad.
5. At the end of the treatment, massage Regenerating cream into your hands and nails

### VELVET HANDS SCRUB FOR HANDS

An aromatic scrub designed for hands with signs of ageing, lack of firmness and discolorations. Perfectly cleanses the skin and removes dead cells of the epidermis. It also smoothes, firms, optimally hydrates the skin as well as prepares it for absorption of active ingredients from subsequently applied products.

**ACTIVE INGREDIENTS:**  
WATER LILY EXTRACT,  
ALMOND OIL, MACADAMIA  
OIL.

Capacity: 550 g;  
Product code: EKS2001

### VELVET HANDS BATH BEADS FOR HANDS

A gentle pearls with cleansing and refreshing effects. Recommended to bath the hands before manicure procedure. The product softens the epidermis, provides the skin with intensive and long-lasting hydration as well as prepares hands for next steps of treatment. A pleasant smell of pearls enhances comfort of use.

**ACTIVE INGREDIENTS:**  
UREA, WATER LILY EXTRACT.

Capacity: 380 g;  
Product code: EKS2000

### VELVET HANDS HAND CREAM - MASK

Combination of light and velvety formula of cream with mask rich in active ingredients. Dedicated for hands with signs of ageing and lack of elasticity. Instantly nourishes and hydrates the skin, reducing dryness. The product smoothes epidermis and improves skin elasticity. Protects against ageing process and the influence of external factors.

**ACTIVE INGREDIENTS:**  
WATER LILY EXTRACT, UREA,  
CERAMIDES, MILK PHOSPHOLIPIDS.

Capacity: 500 ml;  
Product code: EKS2002

### TREATMENT STEPS

1. Prepare bath with the use of Bath pearls and soak your hands for approx. 5-10 minutes.
2. Apply Scrub to dry hands and perform massage. The residue of product rinse with water or remove using damp cotton pads.
3. To cleansed and dry hands apply a thick layer of Cream-mask. Wrap them in foil and put on frotte gloves. Leave for approx. 20 minutes. In case of very damaged skin, you may use the product under paraffin mask in order to achieve the best results.
4. Afterwards, take off the gloves and foil. Excess mask massage into hands.

# NIVELAZIONE

## NIVELAZIONE REFRESHING AND ANTI-SWEATING TREATMENT

**PURPOSE**  • excessively keratinised,  
• intensively perspired feet,  
• swelling, feeling of heavy feet

**ACTIVE INGREDIENTS**  **UREA** – softens the stratum corneum, facilitates penetration of active ingredients and supports proper level of skin hydration.  
**BEESWAX** - softens and regenerates the skin.  
**COMMON SAGE EXTRACT** – has tightening and refreshing properties, reduces redness and possesses anti-bacterial properties.  
**ODOUR STOP SYSTEM** - effectively neutralizes unpleasant smell of sweat

**EFFECTS**  • hydrated and softened the stratum corneum of the epidermis,  
• strengthened natural protective barrier,  
• reduced excessive sweating of feet,  
• improved microcirculation and reduced swelling,  
• relief to tired feet,  
• antibacterial prophylactics.

### NIVELAZIONE SOFTENING FOOT MASK

Intensively softening creamy mask recommended for very dry and rough feet. With nourishing and moisturising properties, it reduces excessively calloused epidermis, smoothes as well as prevents new corns and tylomas from occurring.

**ACTIVE INGREDIENTS:** UREA, LANOLIN, HONEY EXTRACT, BEESWAX, ALLANTOIN

Capacity: 500 ml;  
Product code: PRO2101

### NIVELAZIONE INTENSIVE HYDRATING LIGHT FOOT CREAM

A light cream in the form of easy to apply foam. It absorbs quickly and penetrates into the deep layers of the skin. It causes immediate hydration and relief of tired feet, without leaving a sticky or greasy film on the skin.

**ACTIVE INGREDIENTS:** UREA, HYALURONIC ACID, DURACQUENCH™ IQ SA, DEO ACTIVE.

Capacity: 150 ml;  
Product code: PRO2105

### NIVELAZIONE FOOT SCRUB

Intensively cleansing product recommended for feet and knees exfoliation, especially for dry and excessively calloused skin. Thoroughly cleanses and exfoliates dead epidermis. Stimulates blood microcirculation and prepares the skin for absorbing active ingredients from subsequently applied products.

**ACTIVE INGREDIENTS:** HIBISCUS EXTRACT, SOAPWORT EXTRACT, LANOLIN.

Capacity: 500 ml;  
Product code: PRO2103

### NIVELAZIONE REFRESHING FOOT CREAM

Foot cream used at the end of the treatment. Dedicated for intensively sweaty feet. The cream strongly regenerates, reducing dryness and roughness of the epidermis. Protects from cracking as well as soothes irritations. The product also refreshes and prevents sweating feet.

**ACTIVE INGREDIENTS:** SAGE EXTRACT, ODOUR STOP SYSTEM, BIO-SULPHUR, MENTHOL.

Capacity: 500 ml;  
Product code: PRO2104

### NIVELAZIONE MINERAL FOOT BATH SALT

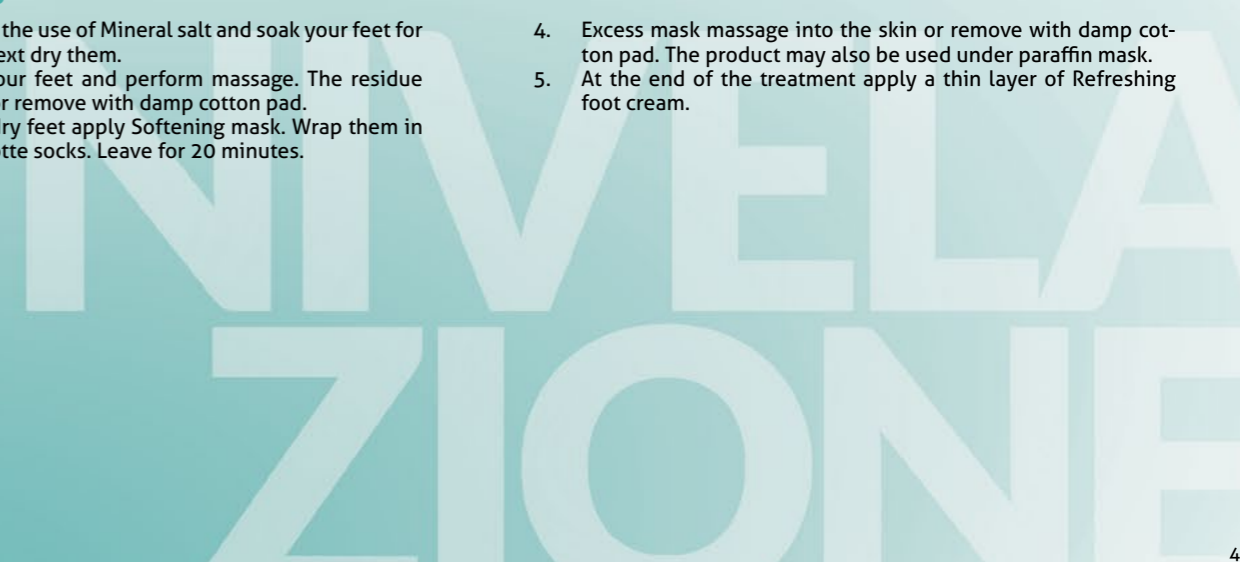

The bath with the use of Mineral salt, perfectly prepares feet for pedicure treatment. Recommended for very dry, rough, excessively calloused and sweaty skin. The product softens calloused epidermis, thanks to which corns and tylomas are easier to remove. It also disinfects, refreshes and reduces unpleasant smell of sweat.

**ACTIVE INGREDIENTS:** YARROW EXTRACT, SAGE EXTRACT.

Capacity: 1500 g;  
Product code: PRO2102

### TREATMENT STEPS

1. Prepare bath with the use of Mineral salt and soak your feet for 15-20 minutes. Next dry them.
2. Apply Scrub to your feet and perform massage. The residue rinse with water or remove with damp cotton pad.
3. To cleansed and dry feet apply Softening mask. Wrap them in foil and put on frotte socks. Leave for 20 minutes.
4. Excess mask massage into the skin or remove with damp cotton pad. The product may also be used under paraffin mask.
5. At the end of the treatment apply a thin layer of Refreshing foot cream.

# SMOOTH FEET

## SMOOTH FEET REGENERATING AND SMOOTHING FOOT TREATMENT

### SMOOTH FEET HYDRATING FOOT CREAM

Concentrated and promptly absorbing cream designed for dry feet prone to cracking. The product effectively softens epidermis, prevents its cracking as well as accelerates process of healing. Strongly regenerates and nourishes the skin, improves blood supply, leaving the feet soft and smoothed.

**ACTIVE INGREDIENTS:** GRAPEFRUIT EXTRACT, GRAPEFRUIT ESSENTIAL OIL, BEESWAX, ALLANTOIN.

Capacity: 500 ml;  
Product code: PEP1004

### SMOOTH FEET GRAPEFRUIT FOOT BATH SALT

Bath foot salt with pleasant refreshing smell, excellently prepares feet for pedicure treatment. Recommended especially for dry skin prone to cracking. The product cleanses and softens calloused epidermis, facilitates the removal of corns and tylomas. Also stimulates microcirculation, refreshes and relaxes.

**ACTIVE INGREDIENTS:** GRAPEFRUIT EXTRACT.

Capacity: 1500 g;  
Product code: PEP1001

### SMOOTH FEET GRAPEFRUIT FOOT SCRUB

Intensively cleansing salt scrub for feet and knees. Dedicated for dry and dehydrated skin. It exfoliates calloused epidermis and smoothes skin surface. Improves blood microcirculation and absorption of active ingredients from applied products.

**ACTIVE INGREDIENTS:** SHEA BUTTER, VITAMIN E, SALT CRYSTALS, GRAPEFRUIT ESSENTIAL OIL.

Capacity: 690 g;  
Product code: PEP1002

**PURPOSE** • Dry skin, prone to cracking,  
• tired feet requiring regeneration and relaxation.

**ACTIVE INGREDIENTS** **UREA** - softens the stratum corneum and facilitates penetration of active ingredients.  
**GRAPEFRUIT EXTRACT** - cleanses, refreshes and revitalizes tired feet.  
**SKIN SMOOTH SYSTEM** - combination of ingredients (allantoin, hypoallergenic lanolin, beeswax and inulin) which strongly smooth, regenerate and hydrate.

**EFFECTS** • Hydrated and smoothed feet,  
• Prevention from excessive callousing and cracking,  
• Impression of light, relaxed and refreshed feet

### SMOOTH FEET MOISTURIZING FEET CREAM

Moisturizes, smooths and brings immediate relief to very dry skin.

**ACTIVE INGREDIENTS:** GRAPEFRUIT EXTRACT, GRAPEFRUIT FRAGRANCE OIL, BEESWAX, ALANTOIN

Capacity: 50 ml;  
Product code: PEP1005

### TREATMENT STEPS

1. Prepare bath with the use of Grapefruit salt and soak your feet for 15-20 minutes. Next dry them.
2. Apply Grapefruit scrub to your feet and perform massage. The residue of the product rinse with water or remove with damp cotton pad.
3. At the end of the treatment apply a thin layer of Hydrating foot cream.

## PODOLOGIC ACID EXFOLIATING TREATMENT FOR STRONGLY CALLOUSED FEET

# PODOLOGIC

### PODOLOGIC ACID SOFTENING FOOT CREAM-MASK WITH AHA & BHA ACIDS

the preparation ensures optimal hydration and softening of the skin, as well as brightening of the nail plate. It reduces the tendency to the formation of corns, calluses and cracks in the skin. Cream - mask in the form of light foam spreads easily and conveniently, absorbs quickly and penetrates into the deep layers of the skin, leaving no unpleasant feeling of greasiness and stickiness.

**ACTIVE INGREDIENTS:** AHA AND BHA ACIDS - GLYCOLIC, LACTIC, CITRIC AND MALIC ACID, SALICYLIC ACID, UREA, PANTHENOL, ALLANTOIN, VITAMIN F.

Capacity: 150 ml;  
Product code: PAC0002

### PODOLOGIC ACID STRONGLY SOFTENING FOOT BATH SALT WITH AHA AND BHA ACIDS

specialist foot bath product, being a conjunction of mineral salt, urea and AHA & BHA acids. Dedicated mainly for excessively calloused epidermis, thickening, very dry, rough and damaged skin. Effectively cleanses and refreshes the feet, loosens the connections between epidermal cells in order to easier mechanical removal. The salt also softens keratinisations, provides the skin with needful minerals and microelements, hydrates, smooths and restores healthy appearance.

**ACTIVE INGREDIENTS:** MINERAL SALT, UREA, AHA ACIDS - GLYCOLIC, LACTIC, CITRIC AND MALIC ACIDS, SALICYLIC ACID.

Capacity: 1500 g;  
Product code: PAC0001

### PODOLOGIC ACID EXFOLIATING FOOT GEL

podologic product dedicated for strongly calloused and damaged feet, prone to corns and tylomas forming. The gel is also intended during podologic treatments. It strongly softens, exfoliates calloused epidermis, stimulates renewal and regeneration. Intensively smooths and reduces tendency to excessive keratinisation and cracking of the epidermis.

**ACTIVE INGREDIENTS:** PEDI-PRO ACIDS COMPLEX.

Capacity: 75 ml;  
Product code: PAC0000

**PURPOSE** • Strongly calloused, dry, rough and damaged skin.  
• Propensity to form tylomas and corns.  
• Recommended to use during podologic treatments.

**ACTIVE INGREDIENTS** **PEDI-PRO ACIDS COMPLEX** – complex of fruity acids, such as: glycolic, lactic, citric, malic and salicylic acids. Thoroughly loosens the connections between corneocytes as well as regulates process of excessive exfoliation and overdrying the skin. The complex effectively softens keratinisation of the skin and facilitates faster and easier removal of thick and rough skin.

**UREA** - softens the stratum corneum and facilitates penetration of active ingredients.

**MINERAL SALT**- cleanses and refreshes feet, reduces swelling

**VITAMIN F**- regenerates, accelerates healing processes

**EFFECTS** • Strongly softened and exfoliated calloused epidermis, stimulation of renewal and regeneration of the epidermis, intensive smoothing,  
• Reduced tendency to excessive keratinisation and cracking of the epidermis.

### TREATMENT STEPS

1. P Soak your feet in warm water with Strongly softening bath salt with AHA and BHA acids.
2. Dry your skin. Put protective gloves on your hands and apply cover layer of Exfoliating gel to your whole feet or areas where keratinisation appears mostly.
3. Wrap feet in foil and leave for 5-10 minutes depending on skin condition. Duration of application is addicted to thick of calloused epidermis. Afterwards, remove thick skin with the use of foot rasp or electronic foot file. Next, wash your feet thoroughly.
4. At the end of the treatment you may use products from PODOLOGIC
5. Attention: products intended for external use only. Use according to instruction. Avoid contact with eyes and mucous membranes. Discontinue use in case of irritations, chafing, itchiness or redness. The products contain salicylic acid. Do not apply to irritated or damaged skin. The products cannot be used by: children, pregnant women, people with anaemia, Reye's syndrome, allergy to salicylates, diabetics and prone to eczema. Protect from light and high temperature. Store in the original package. Keep out of reach of children. Products are intended for professional use

LIPID SYSTEM line.

# PODOLOGIC

## PODOLOGIC FITNESS ANTIBACTERIAL TREATMENT FOR FEET

### PODOLOGIC FITNESS FOOT PROTECTION SPRAY

Antiseptic and antibacterial protection of feet, eliminates unpleasant smell and refreshes. Leaves the feet smooth and delicate. Can be used after and during treatment,

**ACTIVE INGREDIENTS:** ENSIDIN DO, SREBRNA WODA NANO-TEC, UREA

Capacity: 200 ml  
Product code: PFI1005

### PODOLOGIC FITNESS ANTIBACTERIAL FOOT BATH SALT WITH SILVER IONS

Specialist foot salt recommended before podologic or pedicure treatments as antibacterial prophylaxis, mainly for feet prone to excessive sweating. The conjunction of salt crystals, silver ions and zinc oxide, not only softens calloused epidermis but also provides feet antibacterial protection, diminishing perspiration as well as reducing unpleasant smell. Bath with the salt cleanses and refreshes the feet, allows to effectively and quickly removes corns and tylomas as well as prevents epidermis from cracking.

**ACTIVE INGREDIENTS:** SALT CRYSTALS, SILVER IONS, ZINC OXIDE, INULIN

Capacity: 1400 g;  
Product code: PFI1000

### PODOLOGIC FITNESS ANTIBACTERIAL FOOT CREAM WITH SILVER IONS

Professional foot cream with intensive action, recommended for active people who have problem with excessively sweating feet. Product is also intended to use as antibacterial prophylaxis. Synergic combination of active ingredients, provides feet effective antibacterial protection, refreshes as well as regulates intensive activity of sweat glands. The product leaves feet delicate, soft and refreshed with long-lasting effect.

**ACTIVE INGREDIENTS:** SSILVER IONS, ALUM, ZINC OXIDE, SAGE EXTRACT.

Capacity: 500 ml;  
Product code: PFI1001

**PURPOSE**

- Care for sweating feet
- Antibacterial treatment

**ACTIVE INGREDIENTS**

- SILVER IONS** - have antibacterial and anti-inflammatory effects
- ZINC OXIDE** - regulate the amount of sebum produced. Exfoliates the skin, restoring its natural pH
- SALVIA EXTRACT** - has anti-inflammatory and sanitizing properties

**EFFECTS**

- antiseptic and antibacterial protection,
- leveling of unpleasant smell,
- reduction of excessive activity of the sweat glands,
- refreshing the feet

### PODOLOGIC FITNESS FOOT SCRUB WITH SILVER IONS

Salt scrub recommended for taking care of active feet, prone to excessive keratinisation. Used also as antibacterial prophylaxis or as preparation for podologic or pedicure treatments. Immediately and effectively exfoliates calloused epidermis, improves blood microcirculation, increasing absorption of active ingredients. The scrub has anti-fungal and antibacterial properties as well as eliminates unpleasant smell of sweat.

**ACTIVE INGREDIENTS:** SALT, CRYSTALS, SILVER IONS, ZINC OXIDE, INULIN.

Capacity: 650 g  
Product code: PFI1003

# PODOLOGIC

## PODOLOGIC LIPID SYSTEM PROTECTIVE FOOT TREATMENT

**PURPOSE**

- very dry, rough and damaged skin of the feet, with a tendency to hyperkeratosis,
- recommended for diabetics

**ACTIVE INGREDIENTS**

- UREA** - smooths and helps to maintain accurate level of hydration
- ALANTOIN** - smooths, cleanses and evens out the skin of feet
- VITAMIN F** - helps rebuild the lipid coat of the skin, strengthens its protective properties. It helps to retain water in the skin and inhibits the aging process

**EFFECTS**

- oils the skin
- moisturizes the skin
- smooths
- prevention of hyperkeratosis
- acceleration of regeneration processes
- strengthening the epidermal hydrolipid barrier

### PODOLOGIC LIPID SYSTEM CREAMY PATCH ON CALLUSES

Specialist product being a conjunction of ingredients with strongly lubricating, moisturising and regenerating effects. Recommended for very dry and rough feet prone to excessive keratinization. Its effective and quickly effect focuses on rebuilding and regeneration of damaged epidermis. It strengthens and protects the skin from excessive desiccation. Due to high content of urea, reduces calloused epidermis as well as prevents recurrence. Suitable for diabetics.

**ACTIVE INGREDIENTS:** UREA (30%), MULTIOILS COMPLEX, SKIN SMOOTH SYSTEM, NATURAL ROSEMARY AND PINE ESSENTIAL OILS.

Capacity: 500 ml;  
Product code: PLS1001

### PODOLOGIC LIPID SYSTEM HYPOALLERGENIC OINTMENT OF CRACKED FEET

Professional and specialist lipid ointment recommended for very dry and cracked feet. Lanolin contained in the product accelerates healing, soothes as well as supports proper regeneration. Effectively softens and smoothes the epidermis, restores elasticity and protects from cracking again. The ointment is also suitable for rough and cracked hands, elbows, knees. May be use as a prophylaxis of diabetics foot.

**ACTIVE INGREDIENTS:** HYPOALLERGENIC LANOLIN, VITAMIN F, CANOLA OIL, ALLANTOIN.

Capacity: 75 ml;  
Product code: PLS1002

# PODOLOGIC

## PODOLOGIC HERBAL REGENERATING FOOT TREATMENT

**PURPOSE**

- Dry, dehydrated skin, with tendency to cracking

**ACTIVE INGREDIENTS**

**UREA**- softens the stratum corneum and facilitates penetration of active ingredients. Helps to maintain accurate level of moisture.

**ALANTOIN** - moisturizes and soothes. It has a regenerative and anti-inflammatory effect

**BISABOLOL**- active ingredient with soothing and anti-inflammatory effect.

**EFFECTS**

- softening of calloused epidermis
- easier removal of calluses and corns
- refreshing the feet and preparing the feet for further treatments
- softening of calloused epidermis

**PODOLOGIC HERBAL  
FOOT SCRUB**

Specialist scrub recommended for very dry skin. Perfectly prepares the feet for podologic and pedicure treatment. Effectively exfoliates calloused epidermis, smoothes and improves microcirculation, increasing absorption of active ingredients from subsequently applied products. Contained in scrub natural essential oils feature anti-inflammatory and antibacterial properties.

**ACTIVE INGREDIENTS:** NATURAL EUCALYPTUS AND PINE ESSENTIAL OIL, WHEAT BRAN EXTRACT, LACTIC ACID.

Capacity: 500 ml;  
Product code: PHF1003

**PODOLOGIC HERBAL  
SOFTENING FOOT BATH PEARLS**

Gentle foot bath pearls recommended for feet before podologic and pedicure treatments, especially for very dry and sensitive skin. The product effectively cleanses and softens calloused epidermis as well as makes the corns and tyomas easier to remove. Due to content of active ingredients, it refreshes, reduces excessive sweating and unpleasant smell.

**ACTIVE INGREDIENTS:** UREA, NATURAL EUCALYPTUS ESSENTIAL OIL, SAGE EXTRACT.

Capacity: 800 g;  
Product code: PHF1002

**PODOLOGIC HERBAL  
INTENSIVELY SOFTENING FOOT FOAM**

Specialist product designed for excessively calloused feet as well as before podologic or pedicure treatments. Thanks to highly concentrated urea (30%), the foam effectively softens calloused epidermis and facilitates the removal of corns and tyomas. Additionally, ingredients contained in the product, tone and refresh the feet, perfectly preparing them for further treatments.

**ACTIVE INGREDIENTS:** UREA (30%), BIO-SULPHUR, SAGE EXTRACT, INULIN.

Capacity: 165 ml;  
Product code: PHF1001

**PODOLOGIC HERBAL  
REGENERATING FOOT CREAM**

Professional foot cream for very dry skin. Optimally lubricates and deeply hydrates. Ingredients contained in the cream effectively regenerate, accelerate renewal and soothe irritations. The feet become delicate, smooth and healthy looking.

**ACTIVE INGREDIENTS:** UREA (10%), ALLANTOIN, BISABOLOL, VITAMIN E, NATURAL LAVENDER ESSENTIAL OIL.

Capacity: 500 ml;  
Product code: PHF1004
